

Hydrogen ion concentration as pH 1985

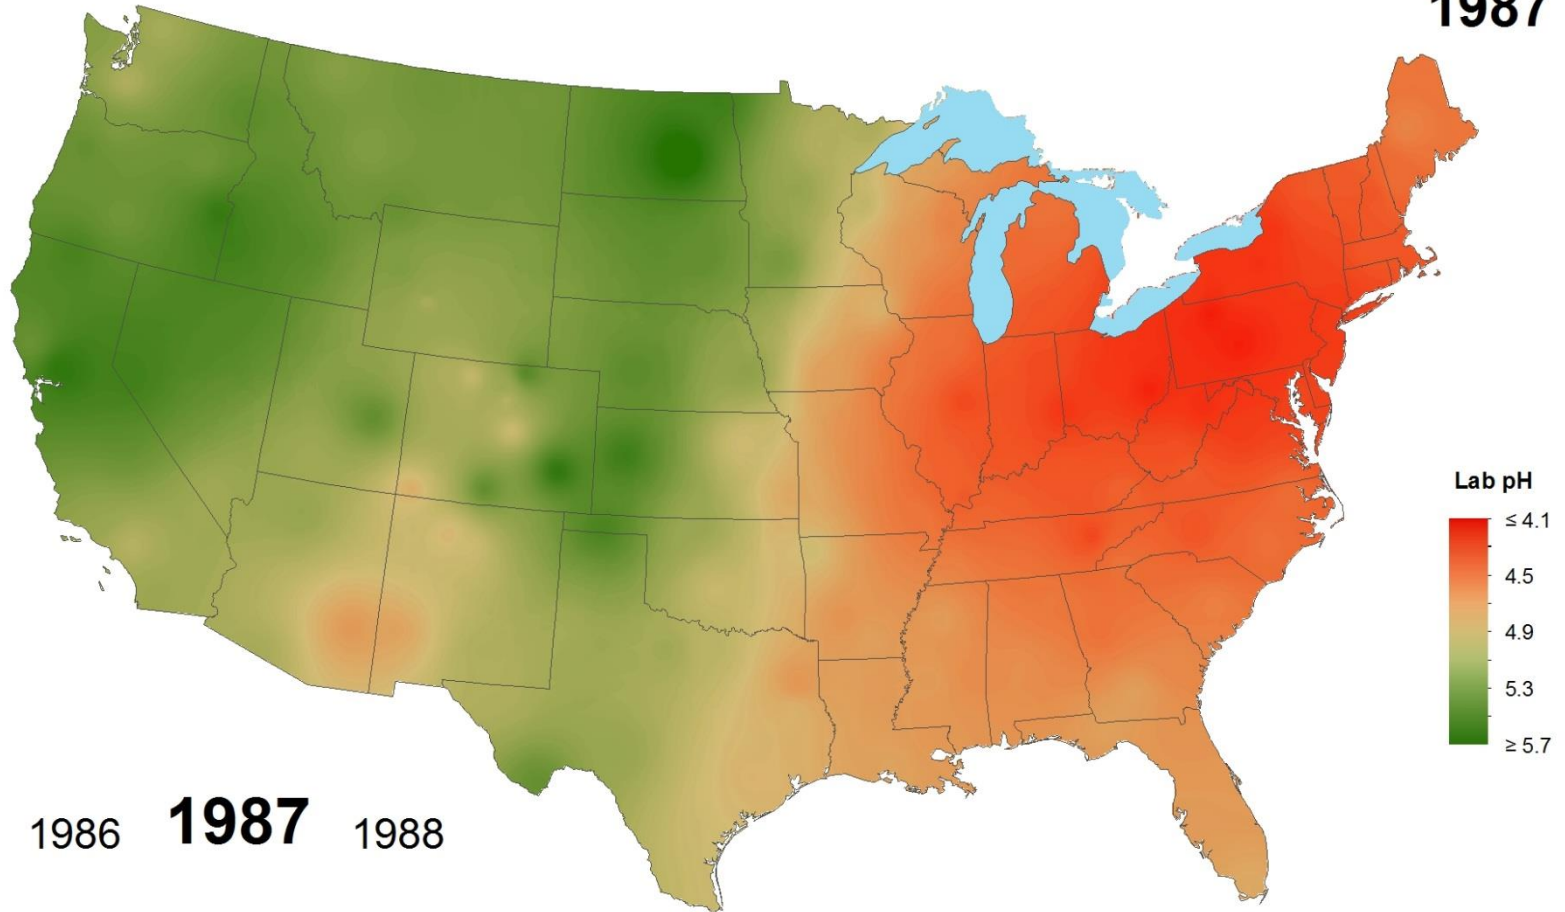

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1986

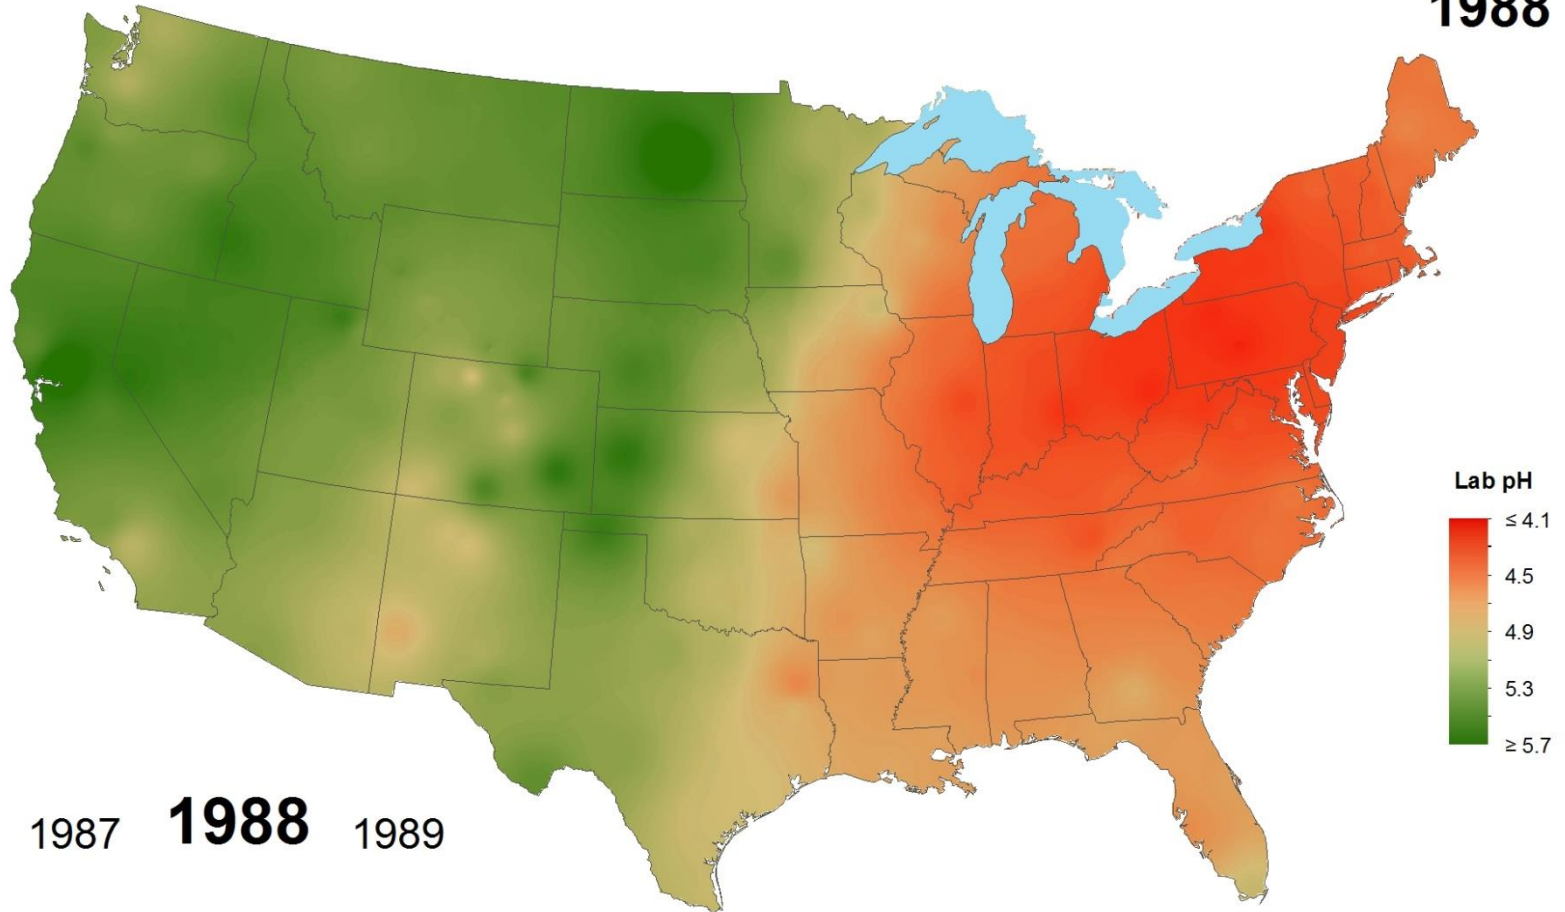

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1987

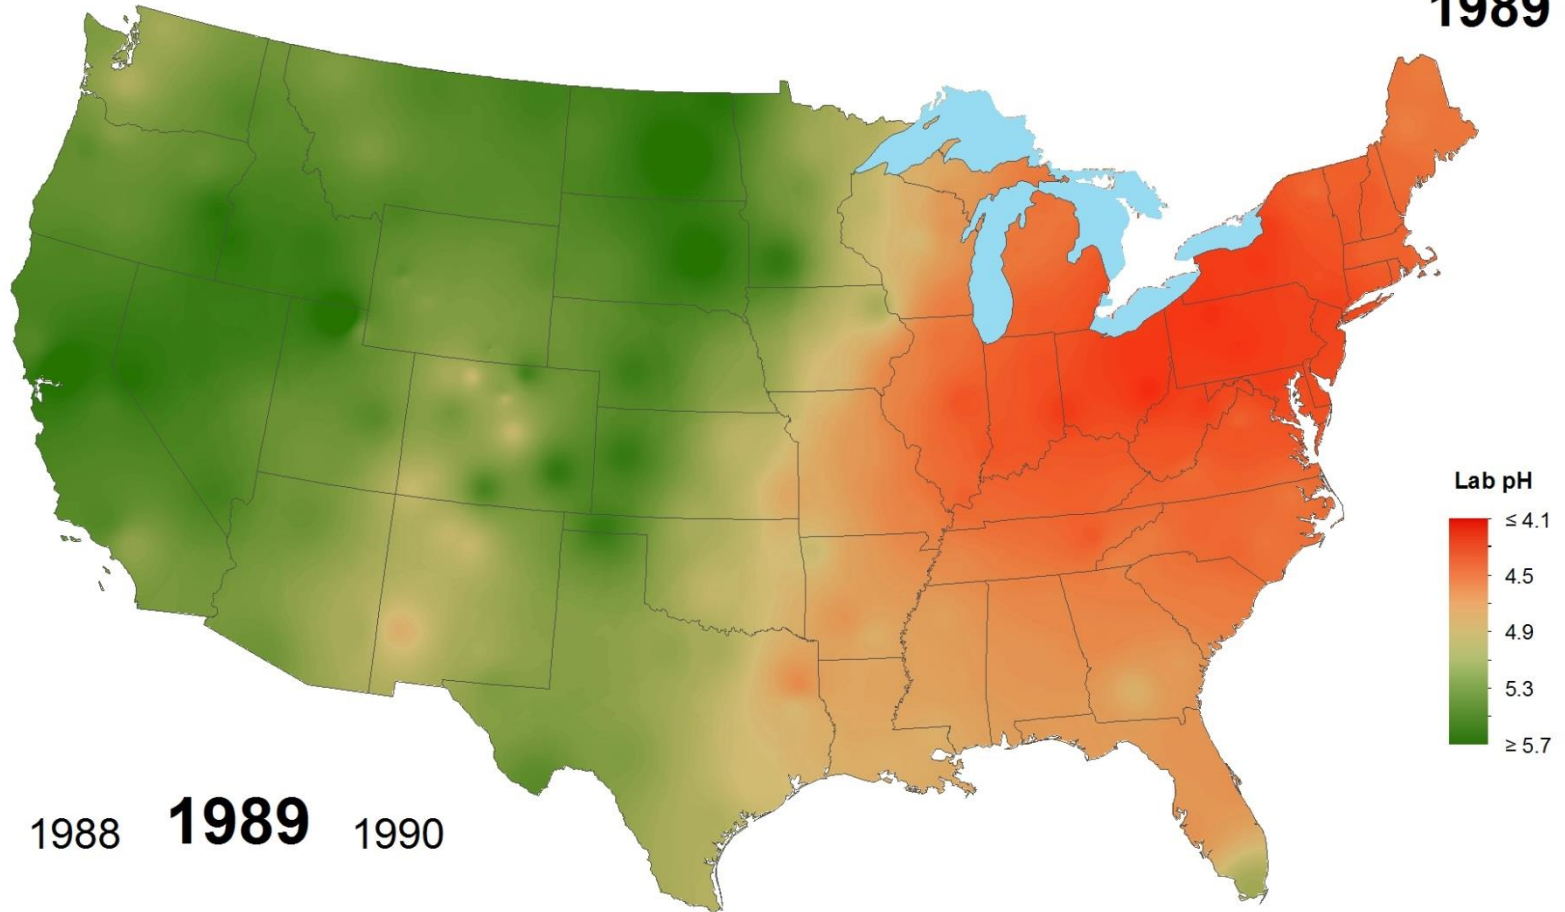

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1988

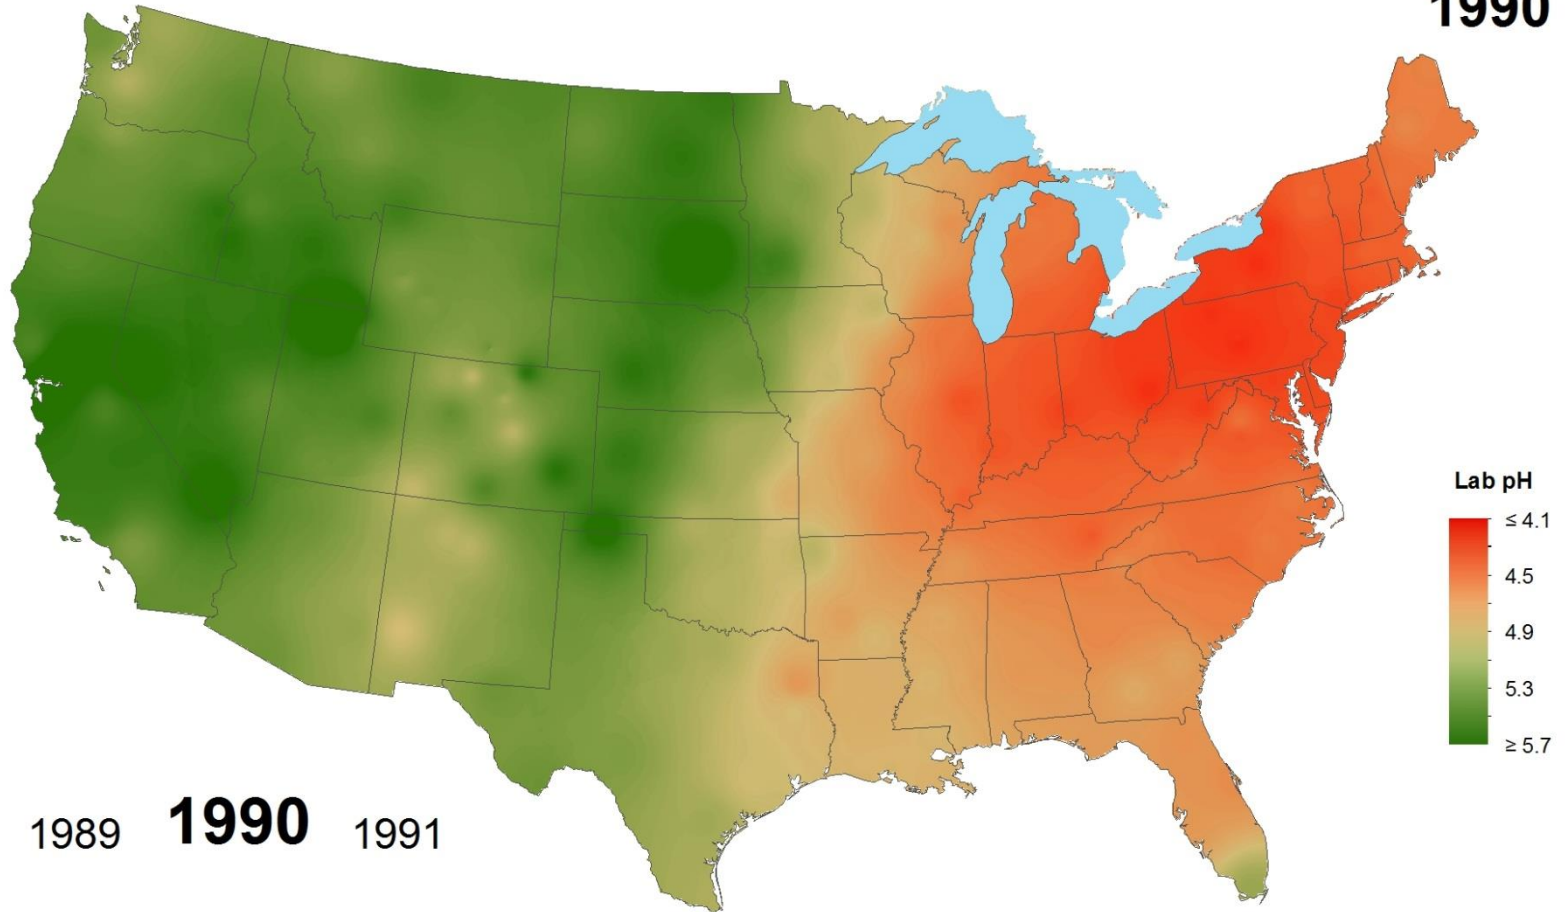

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1989

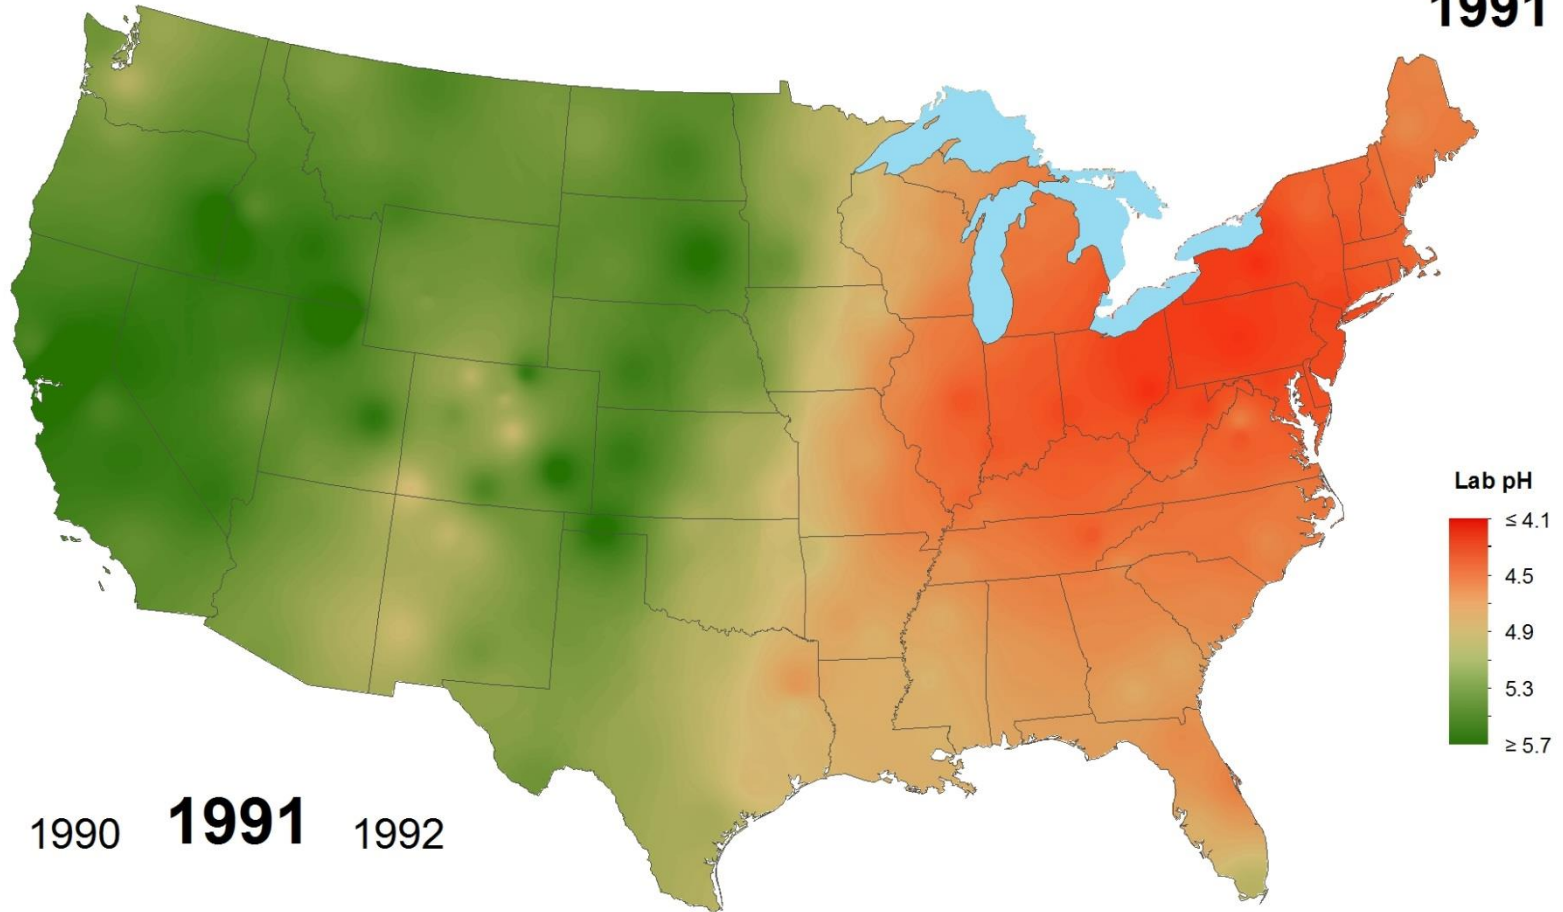

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1990

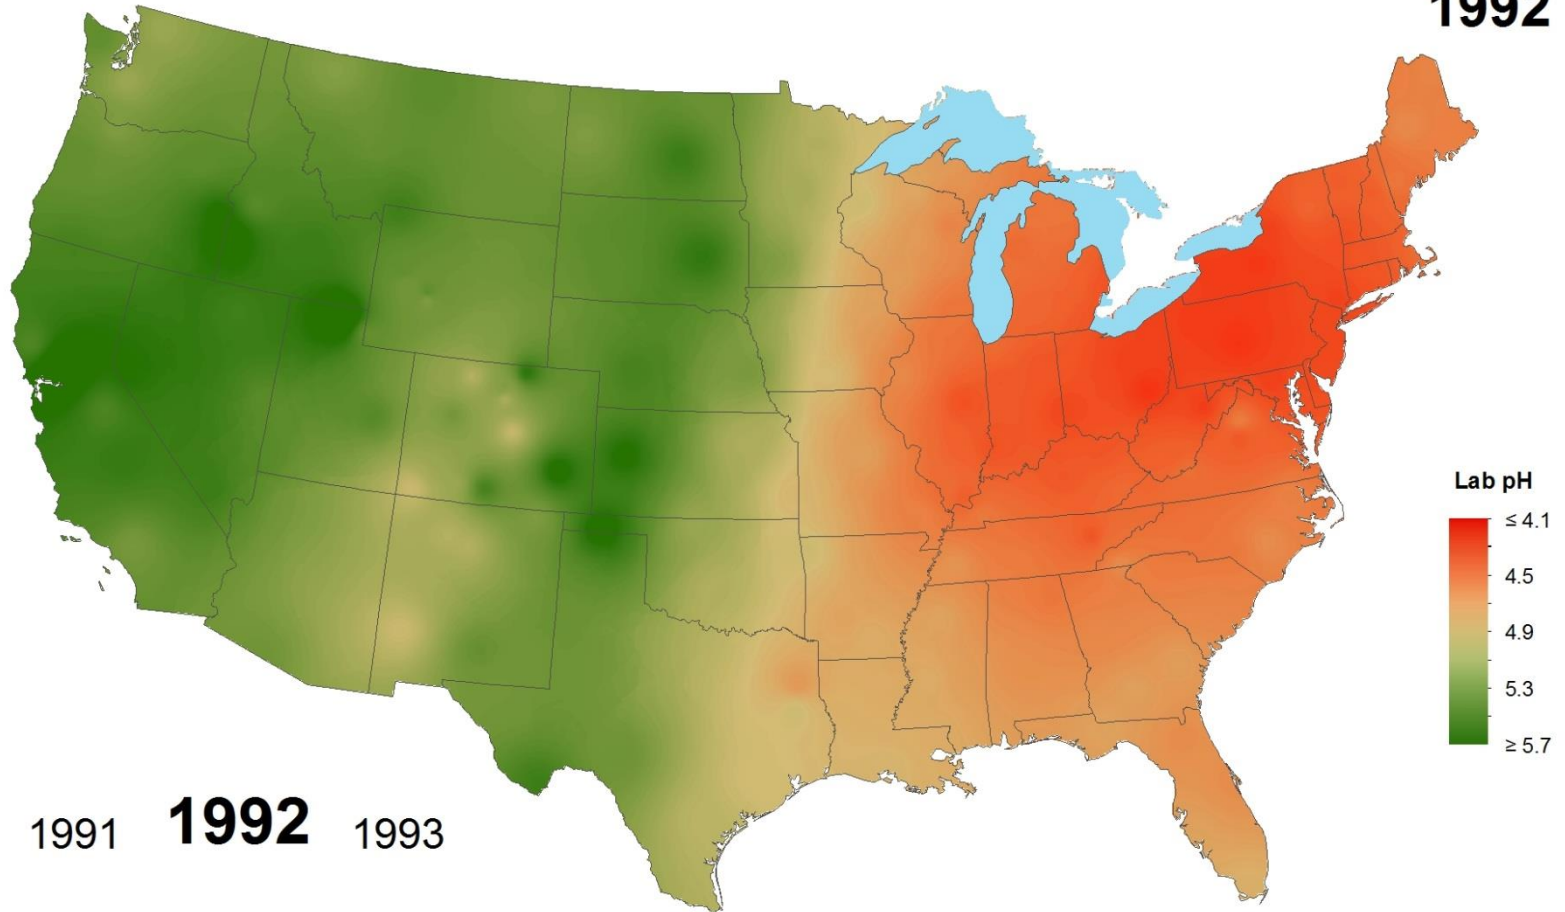

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1991

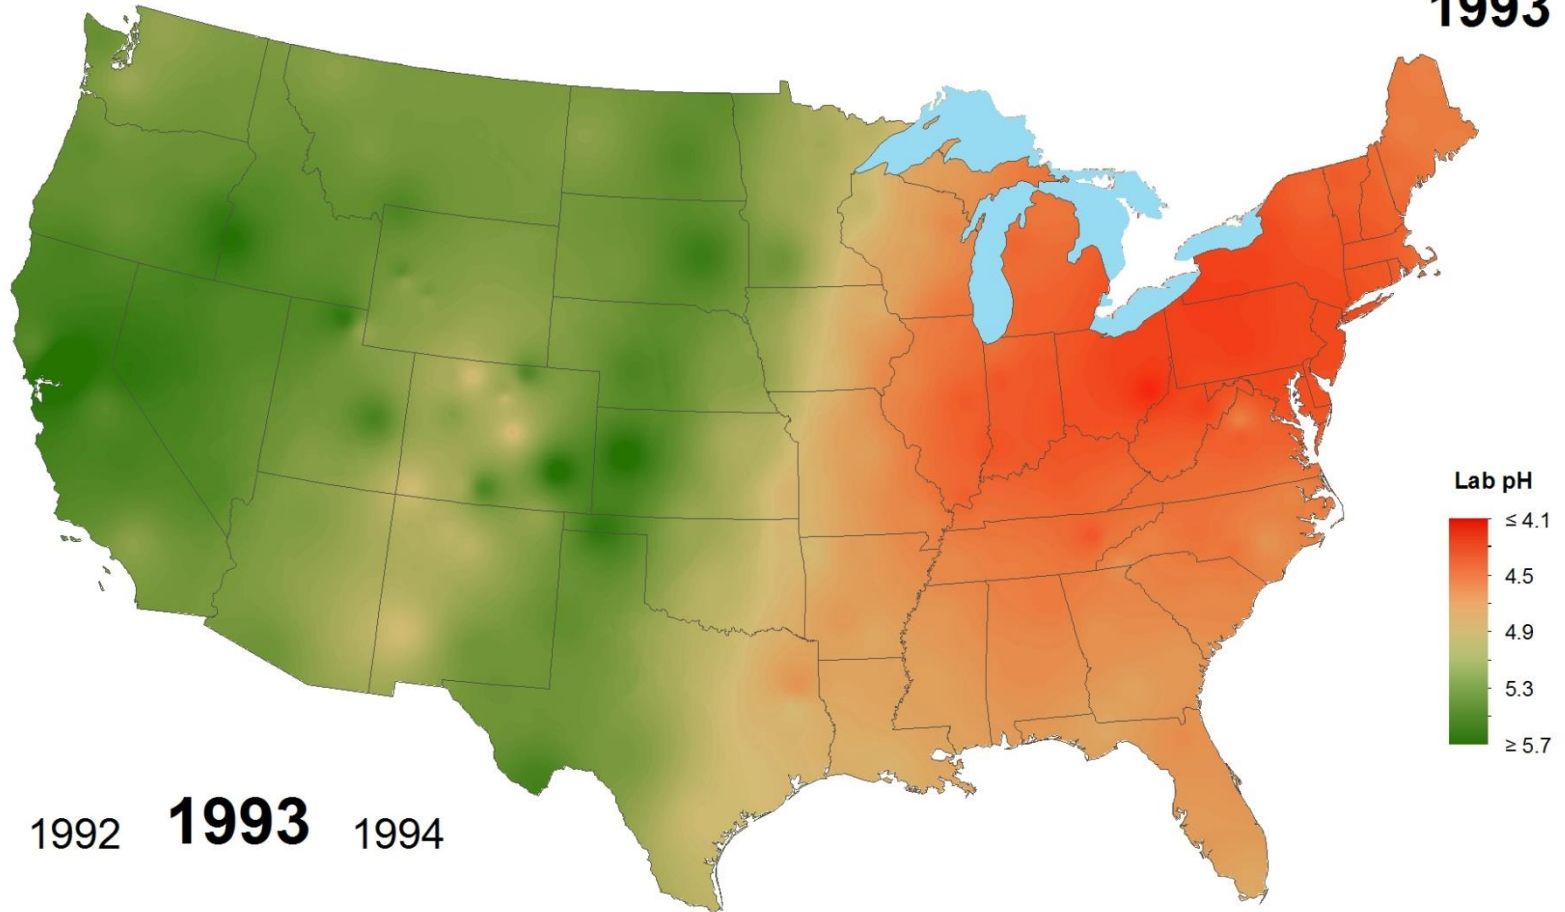

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1992

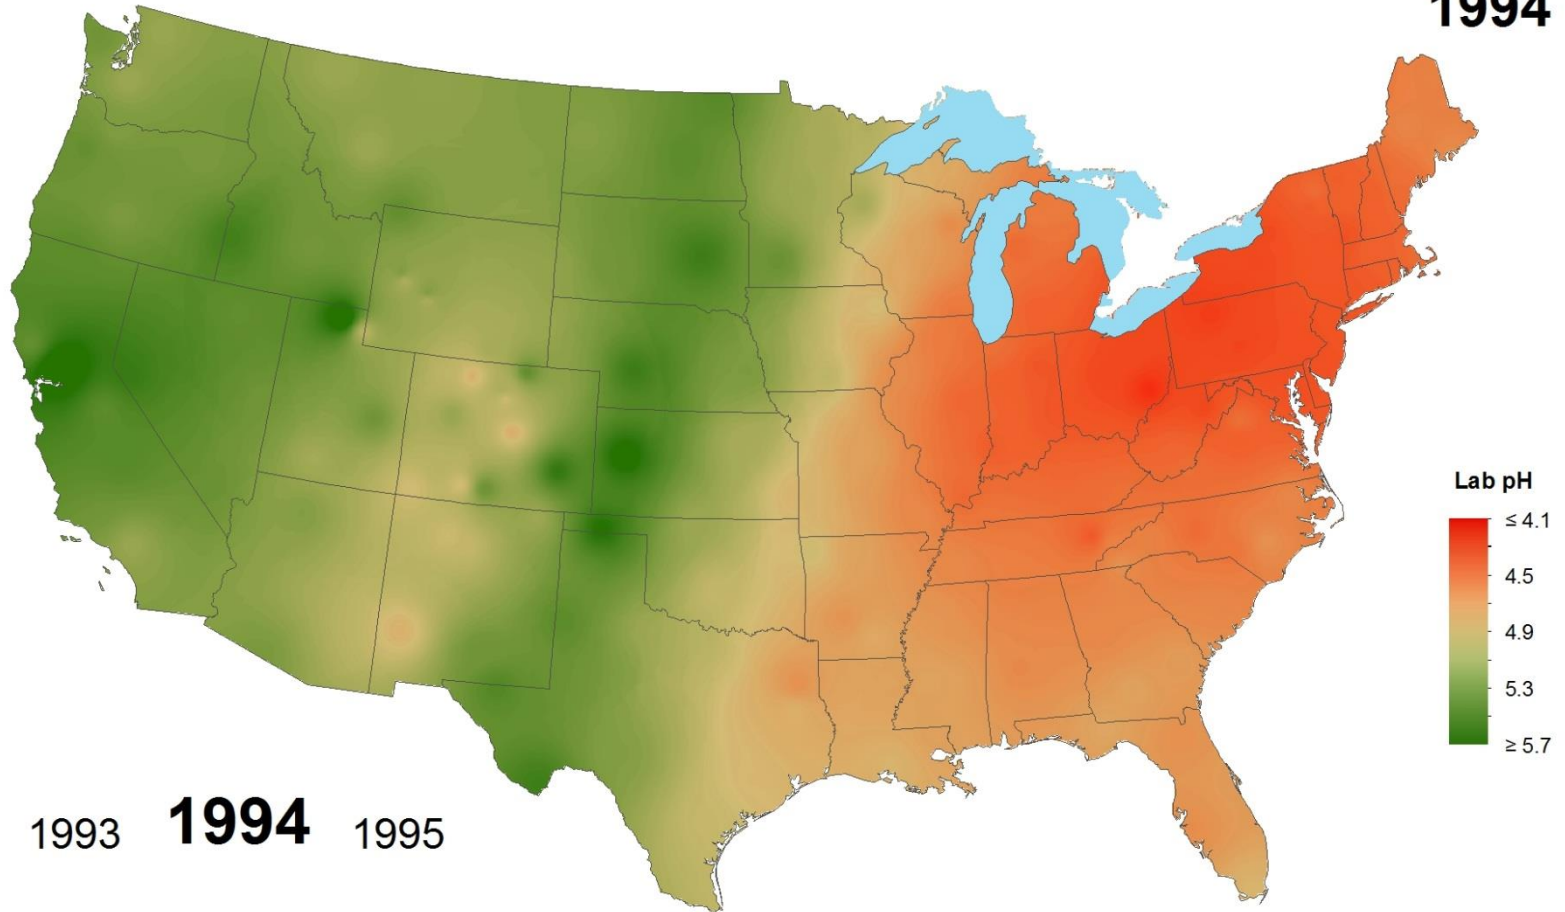

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1993

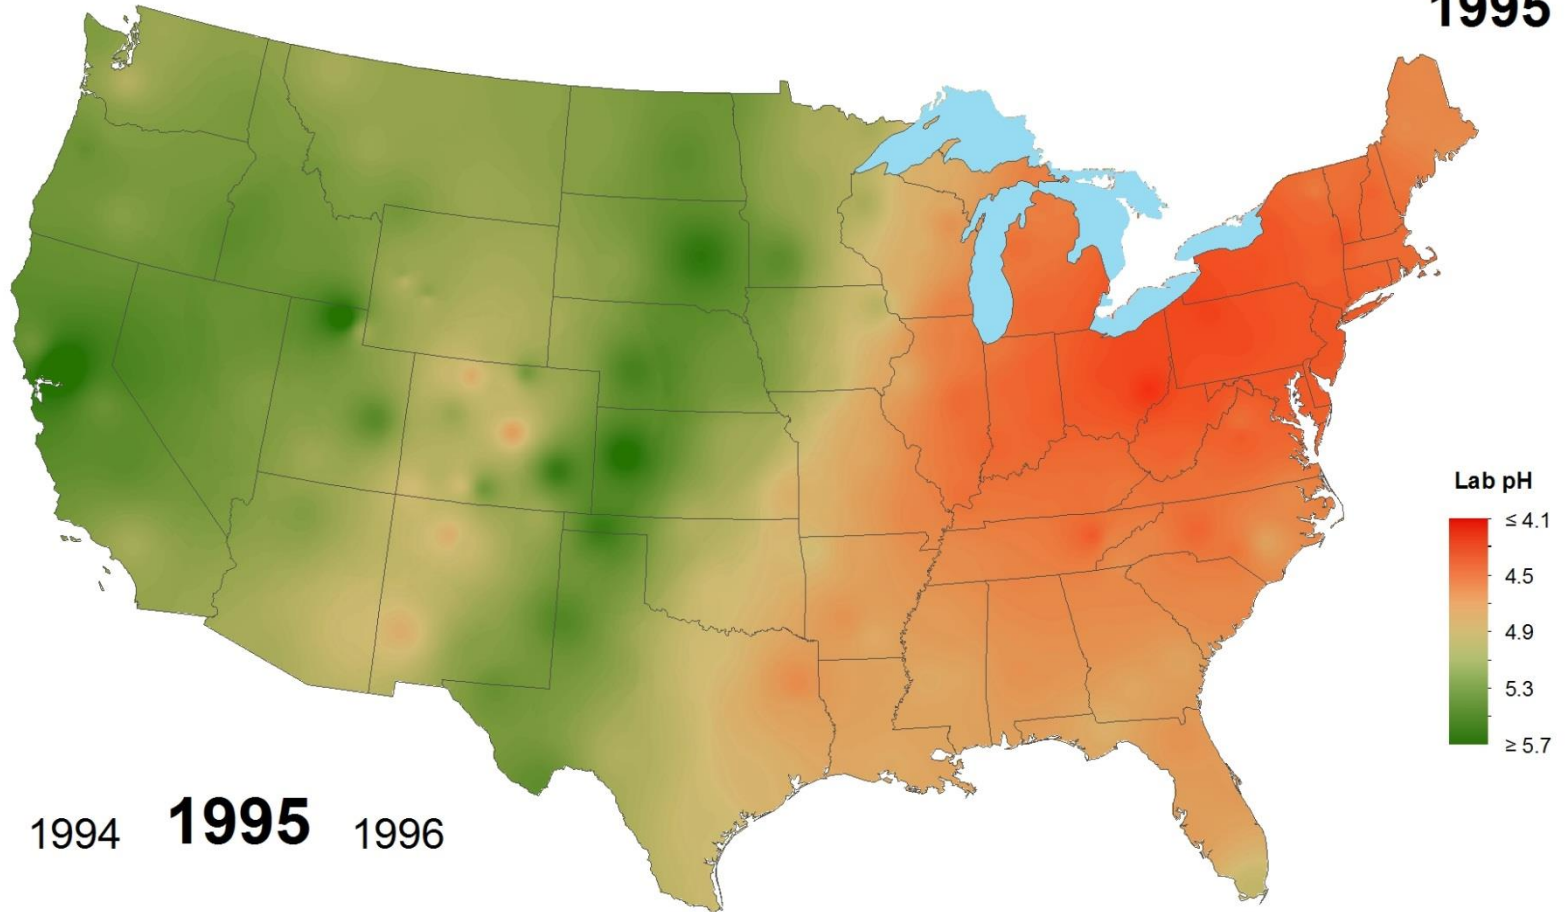

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1994

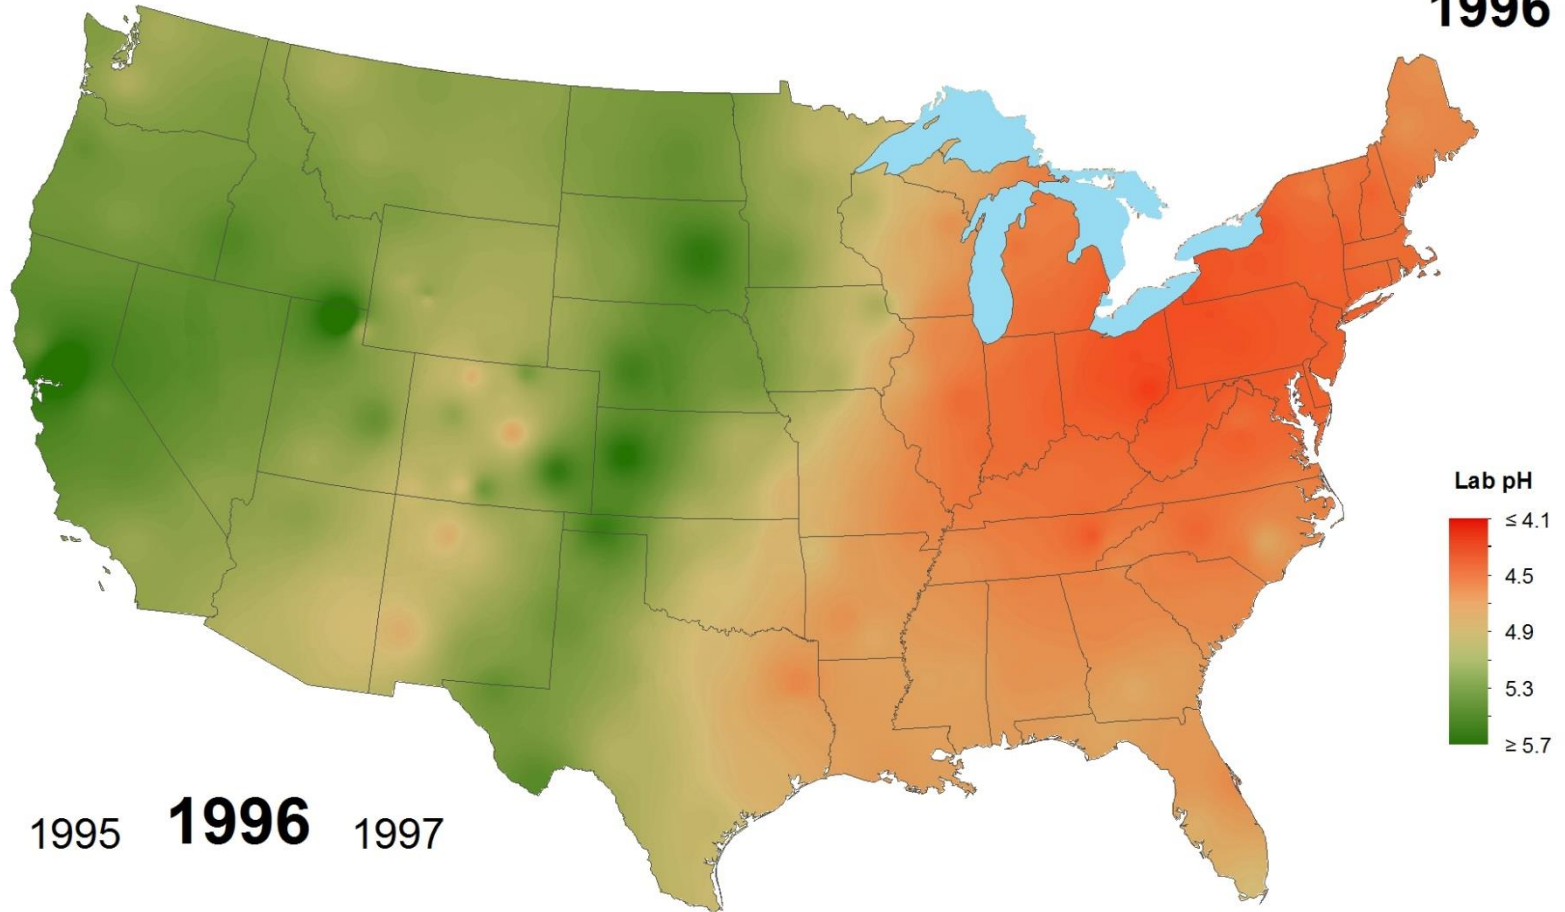

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1995

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

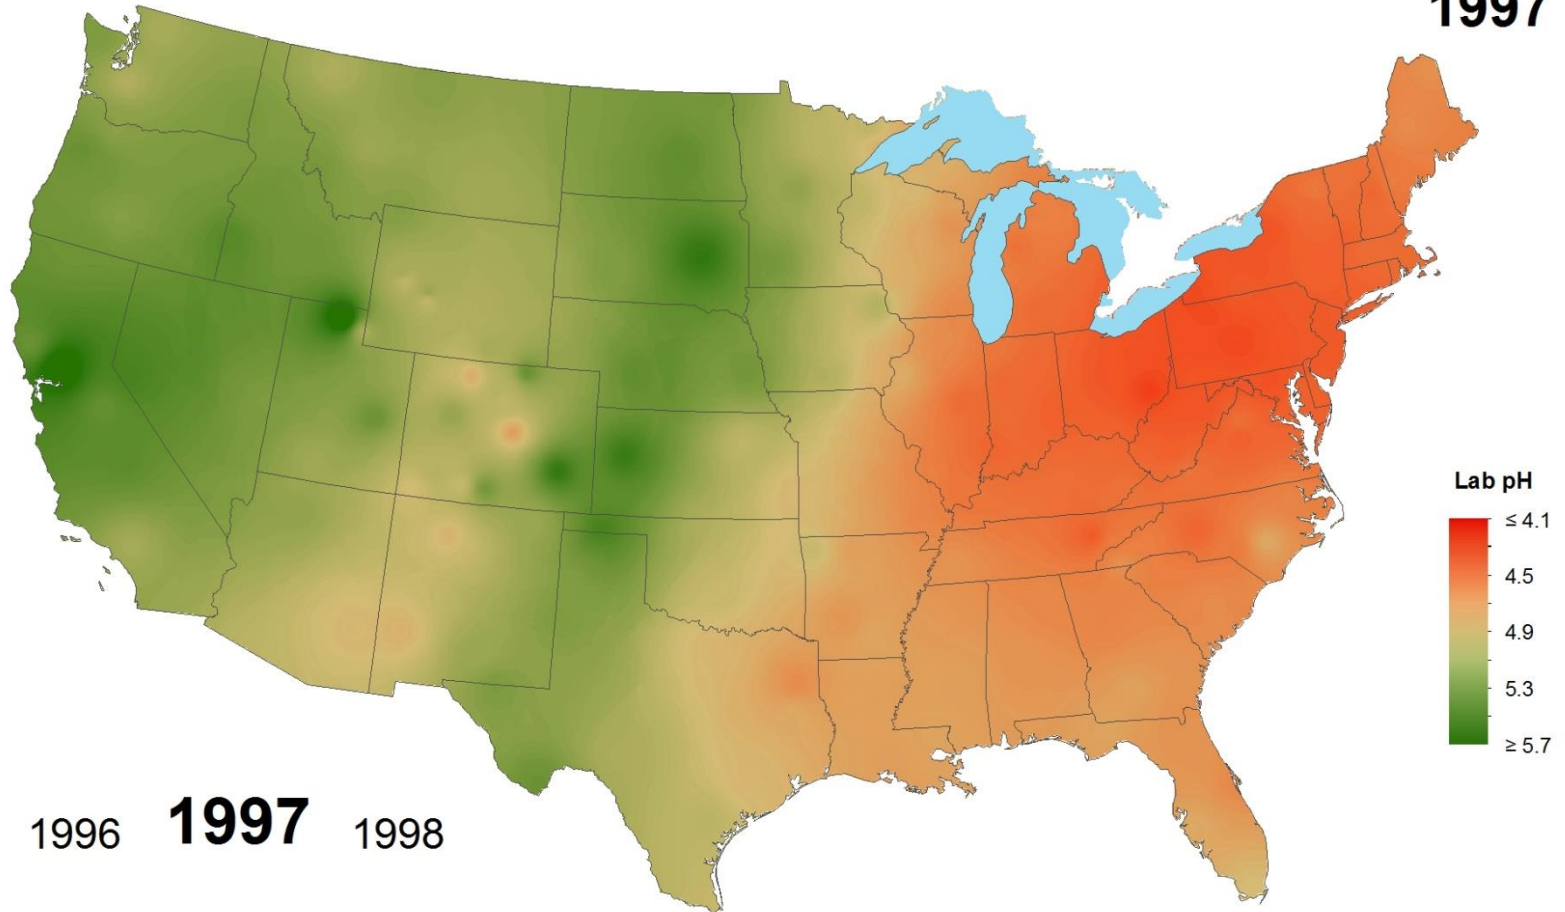

Hydrogen ion concentration as pH 1996

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

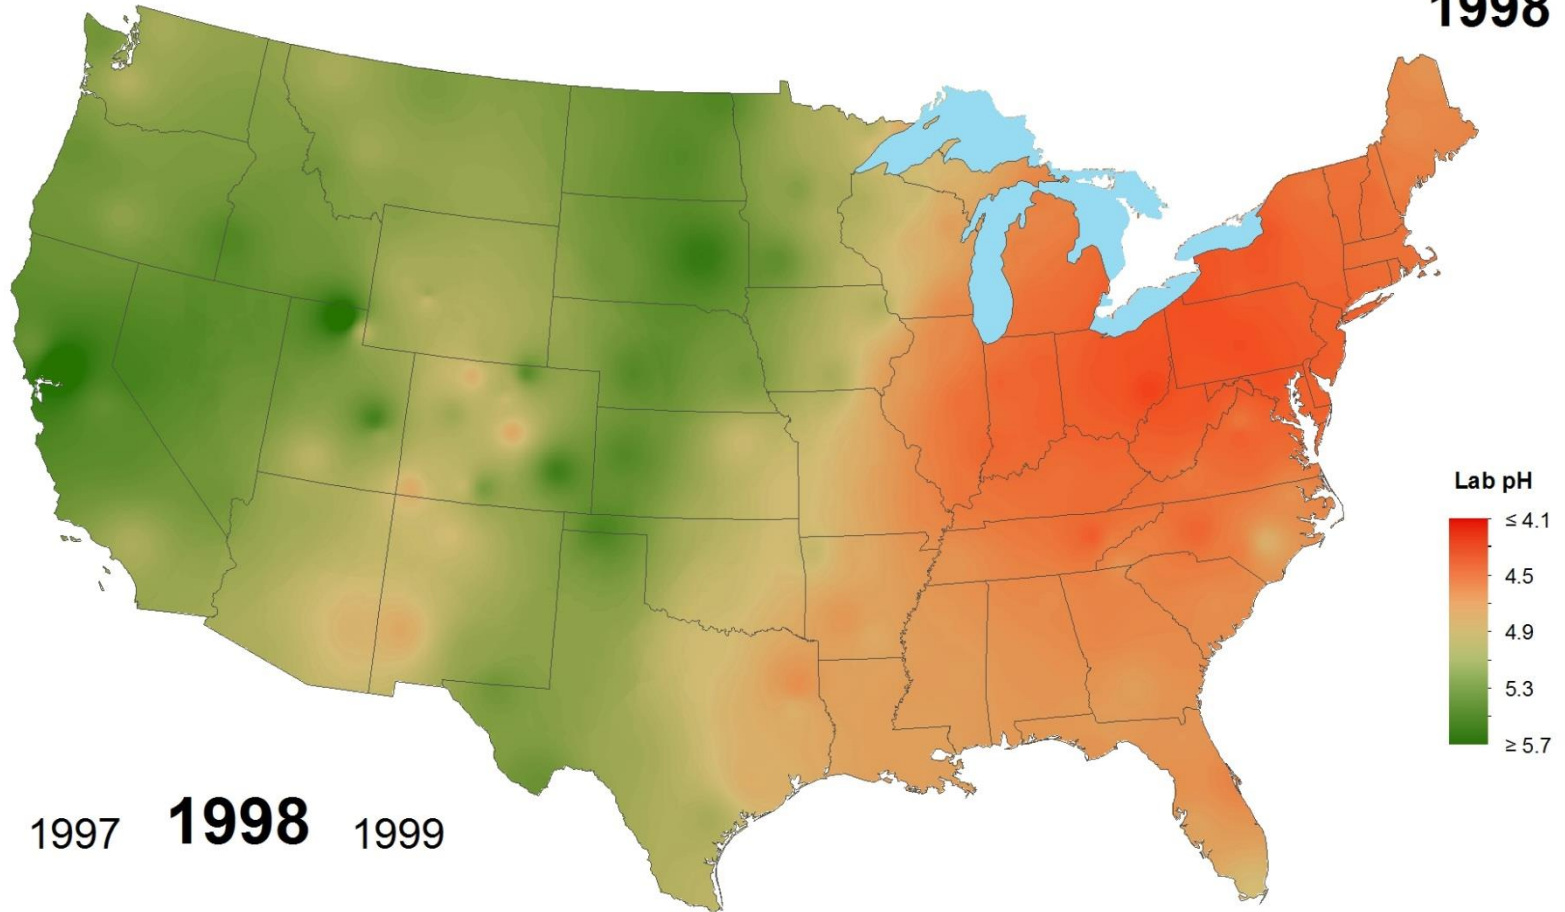

Hydrogen ion concentration as pH

1997

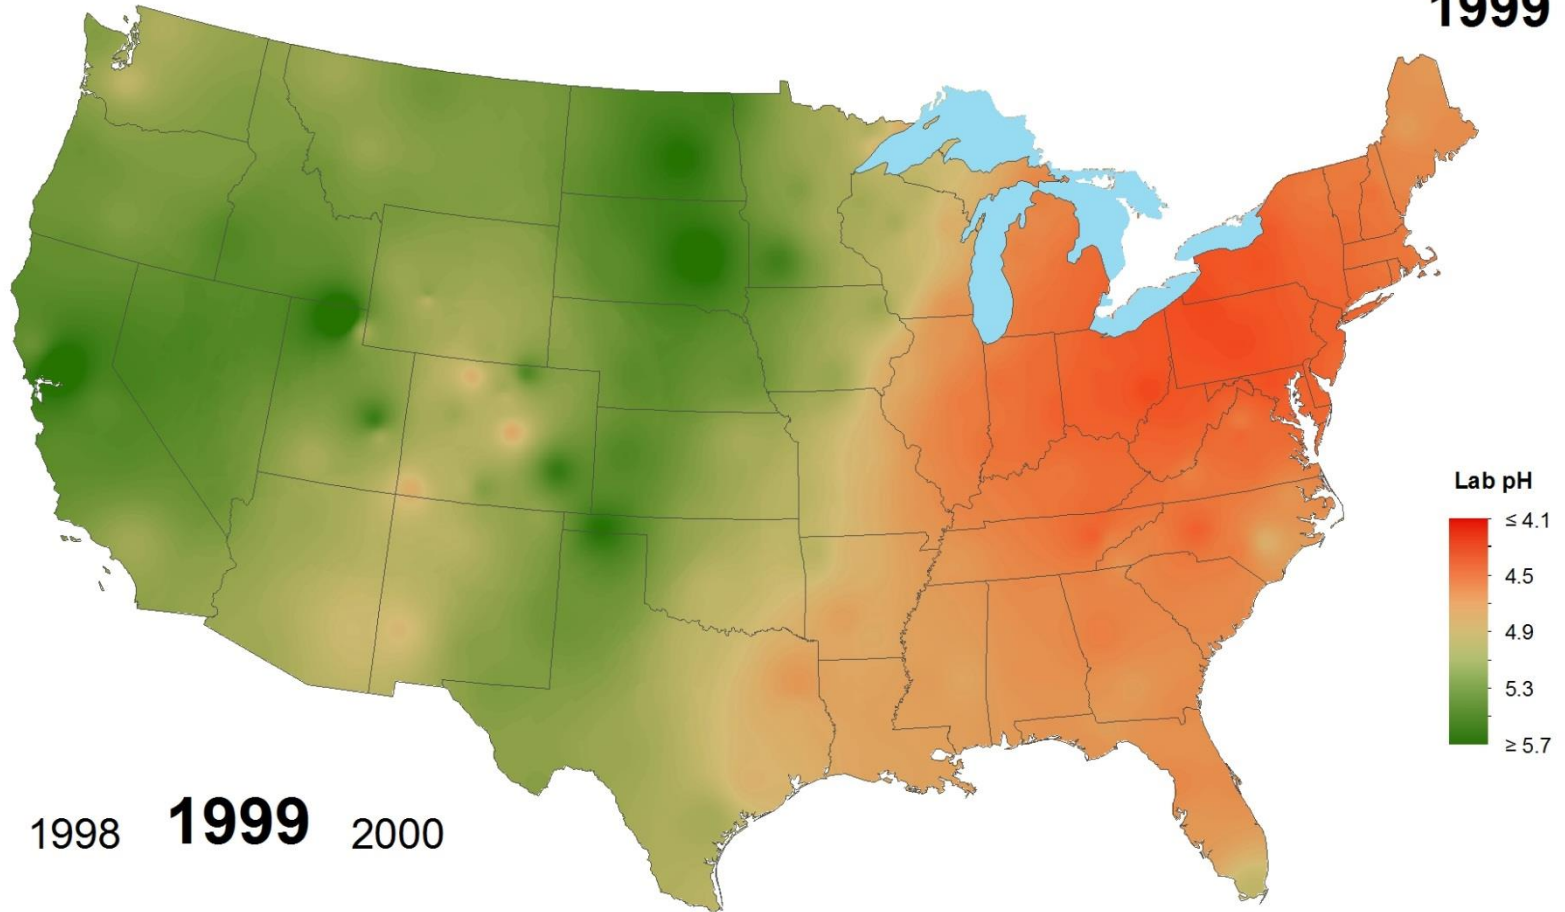

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1998

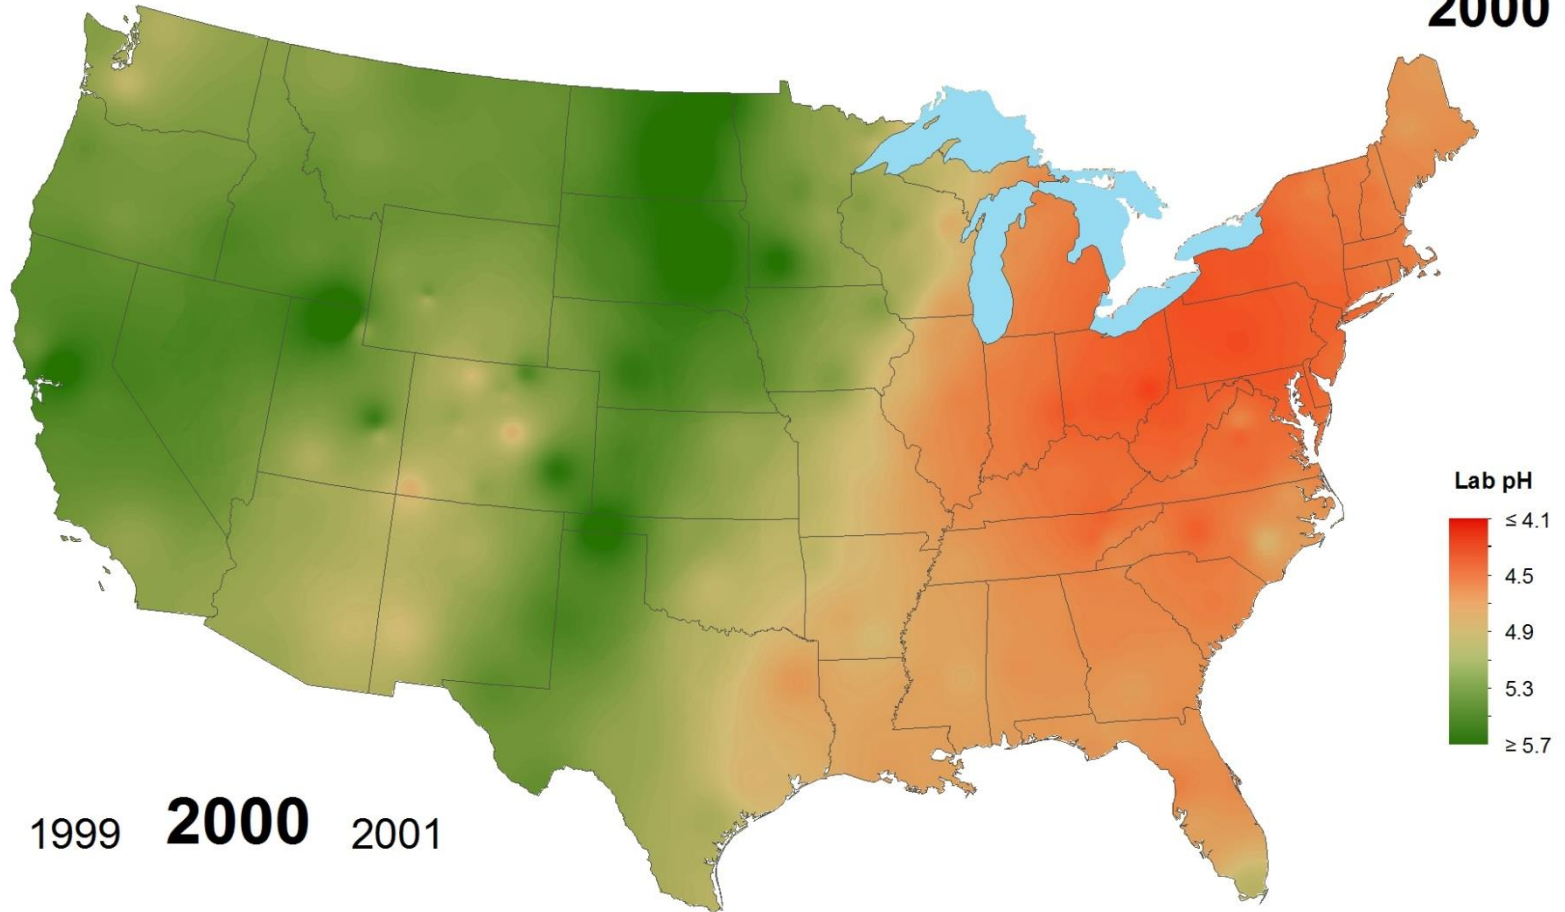

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 1999

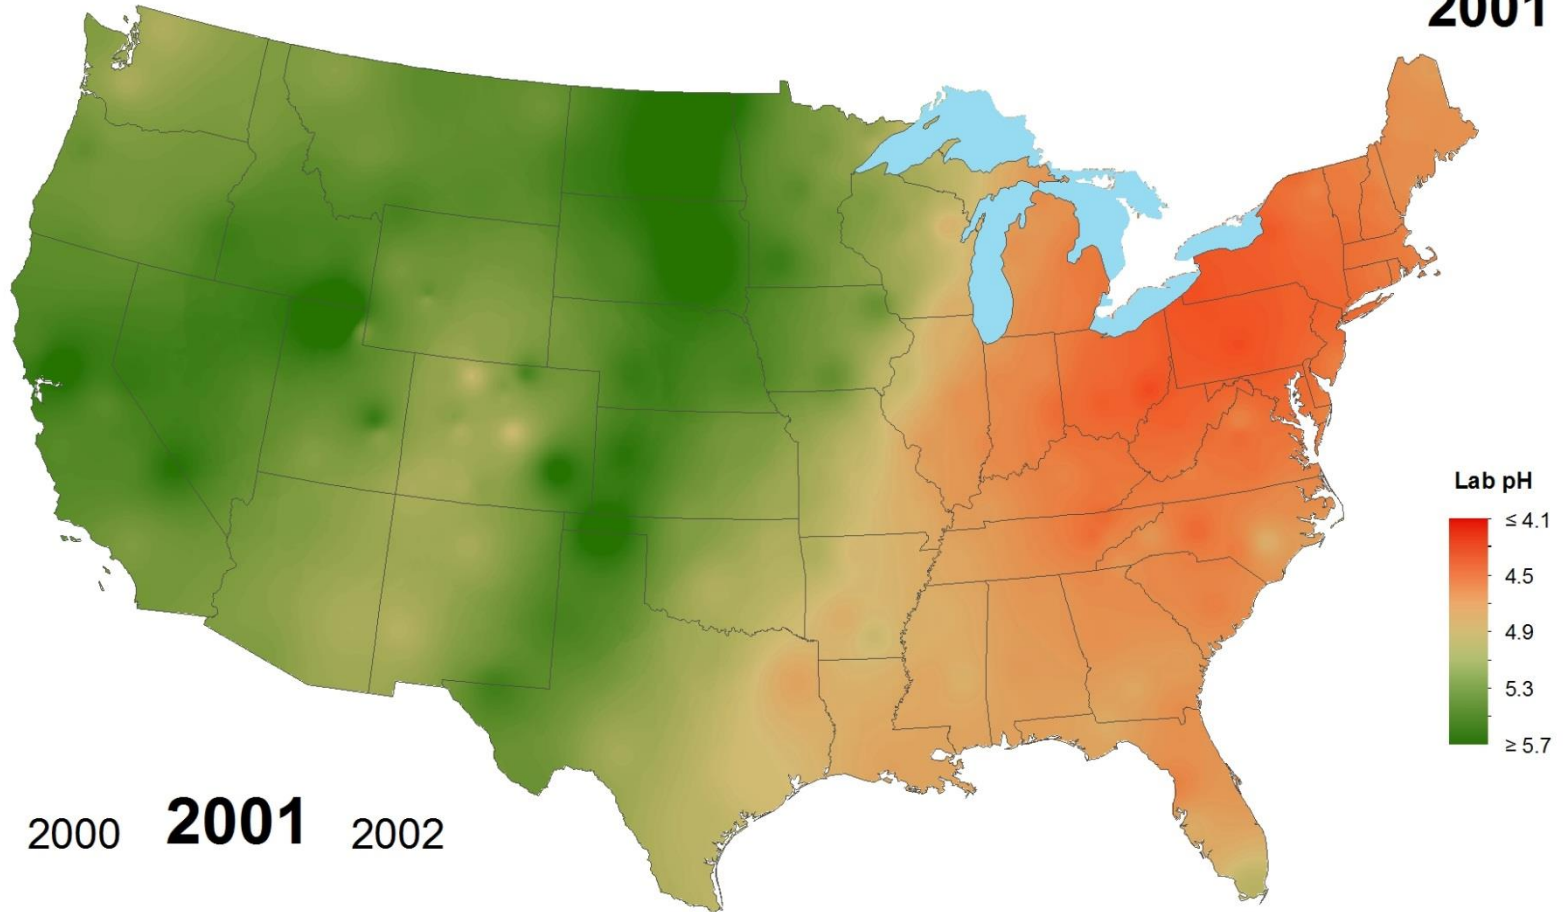

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2000

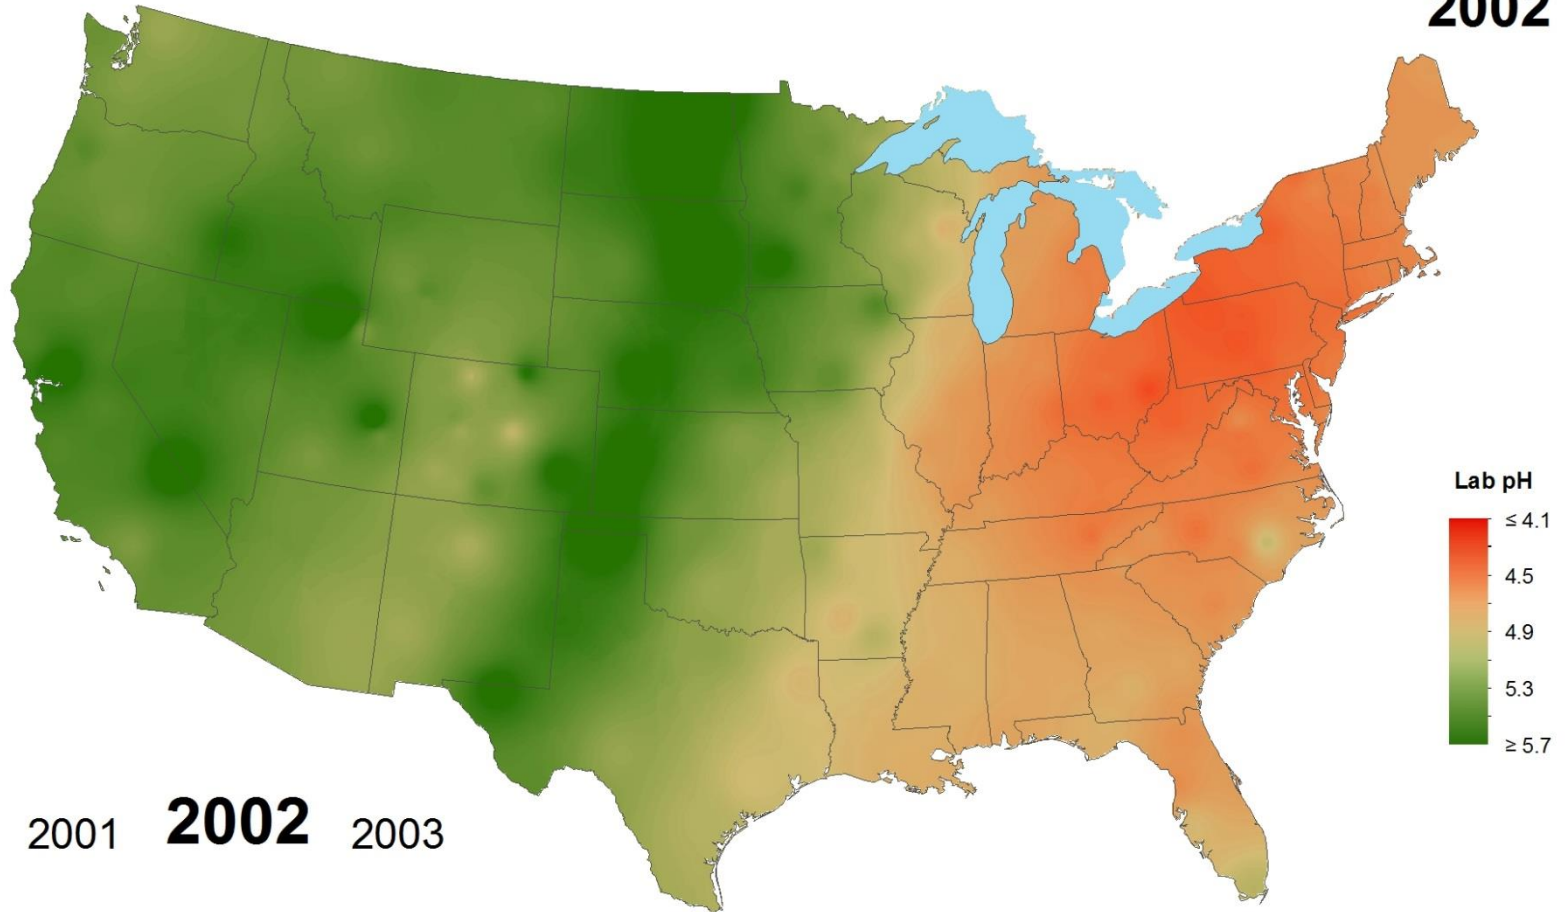

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2001

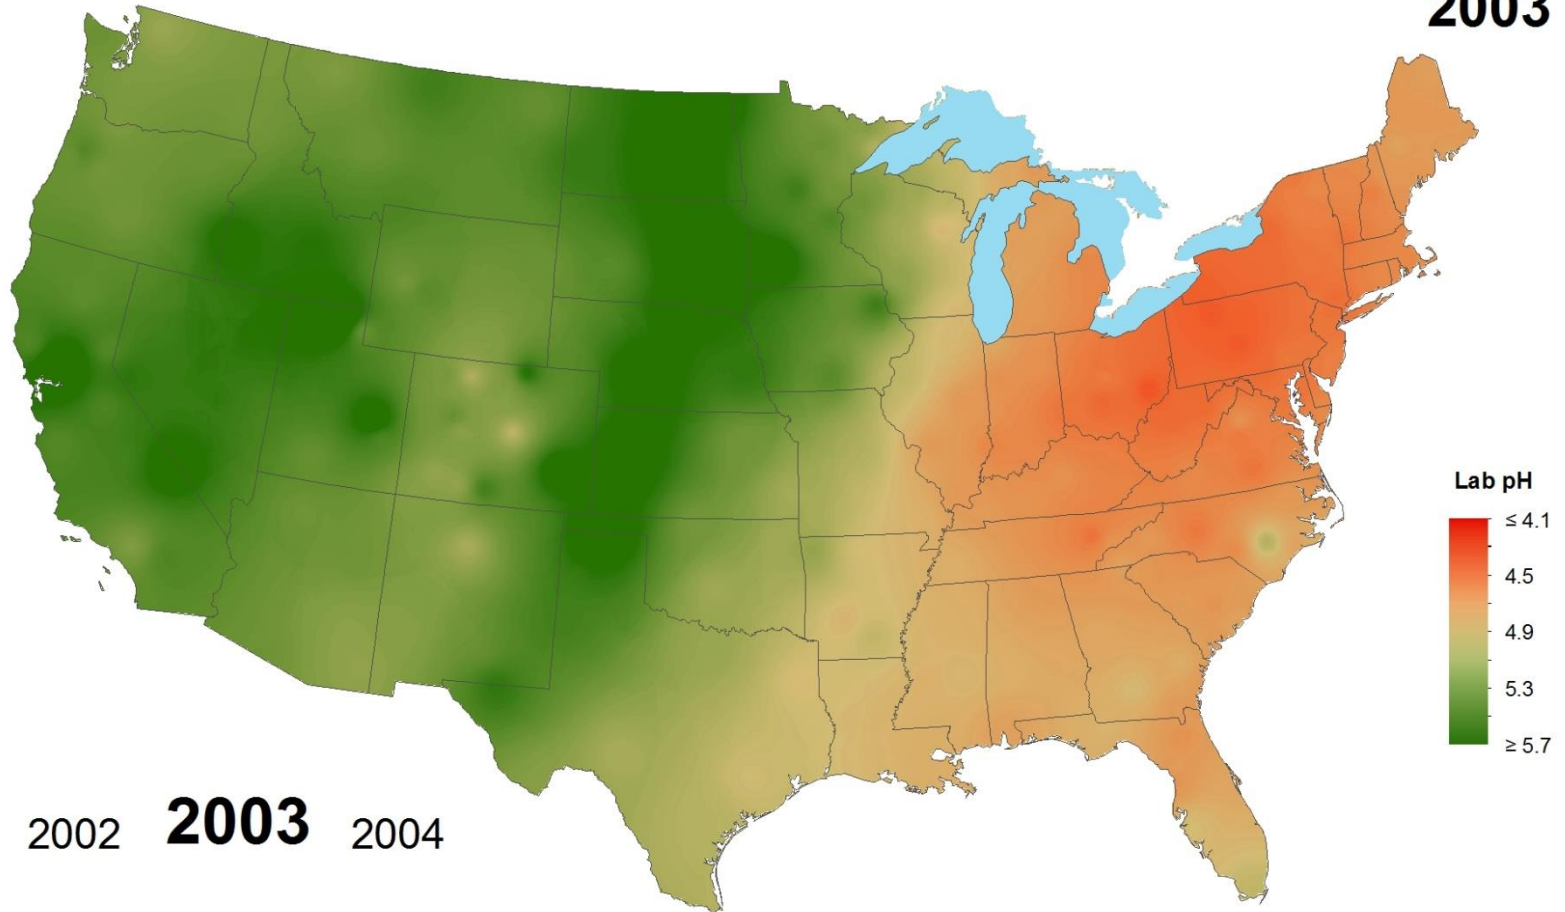

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2002

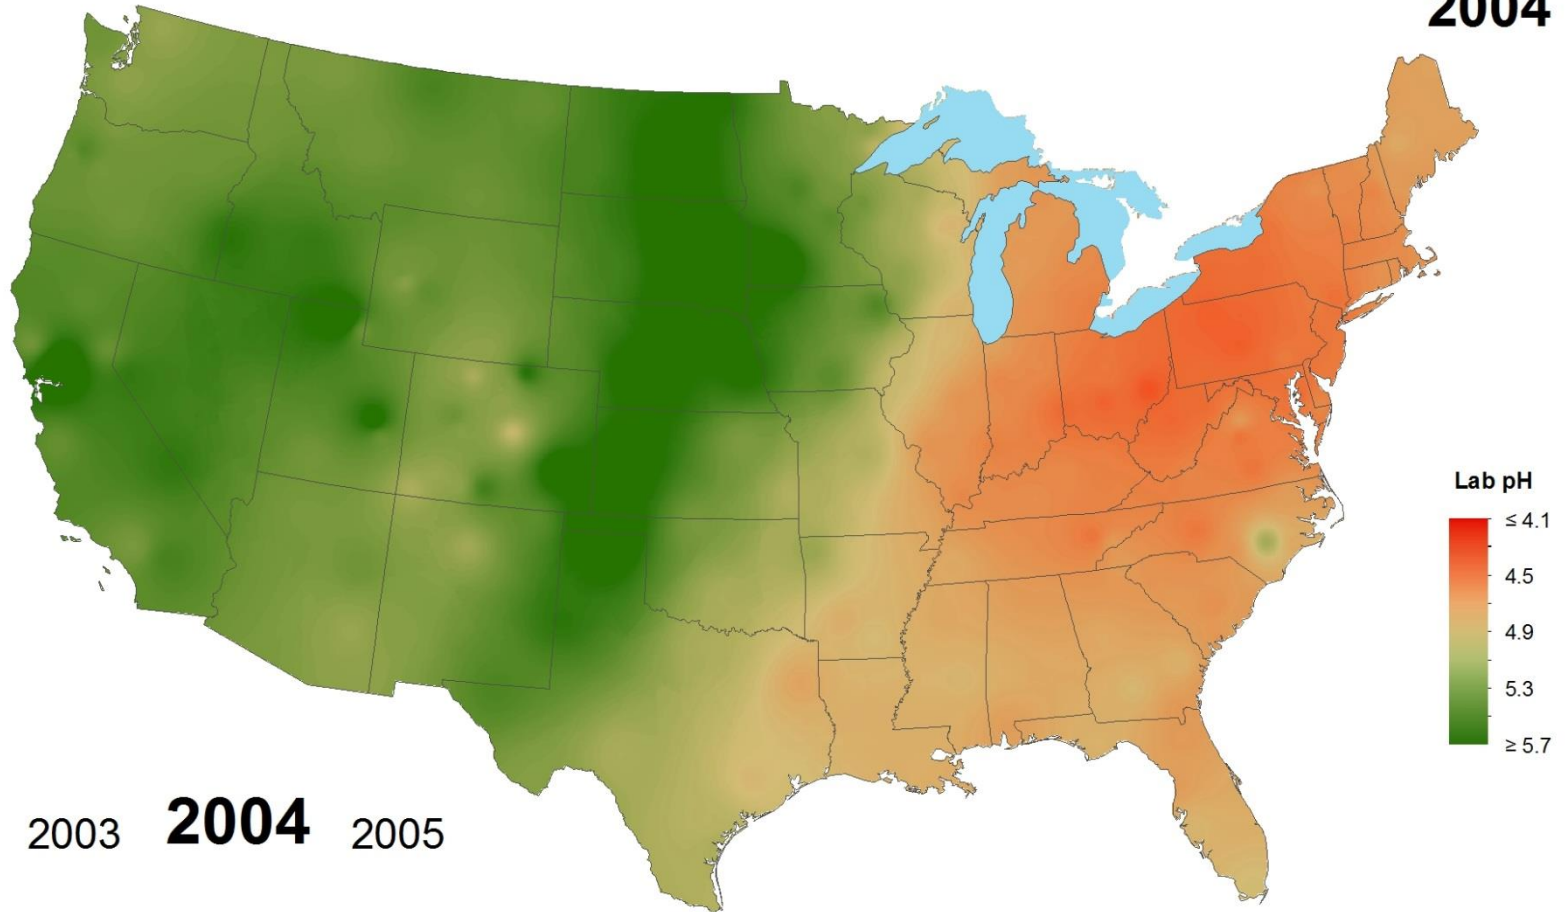

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2003

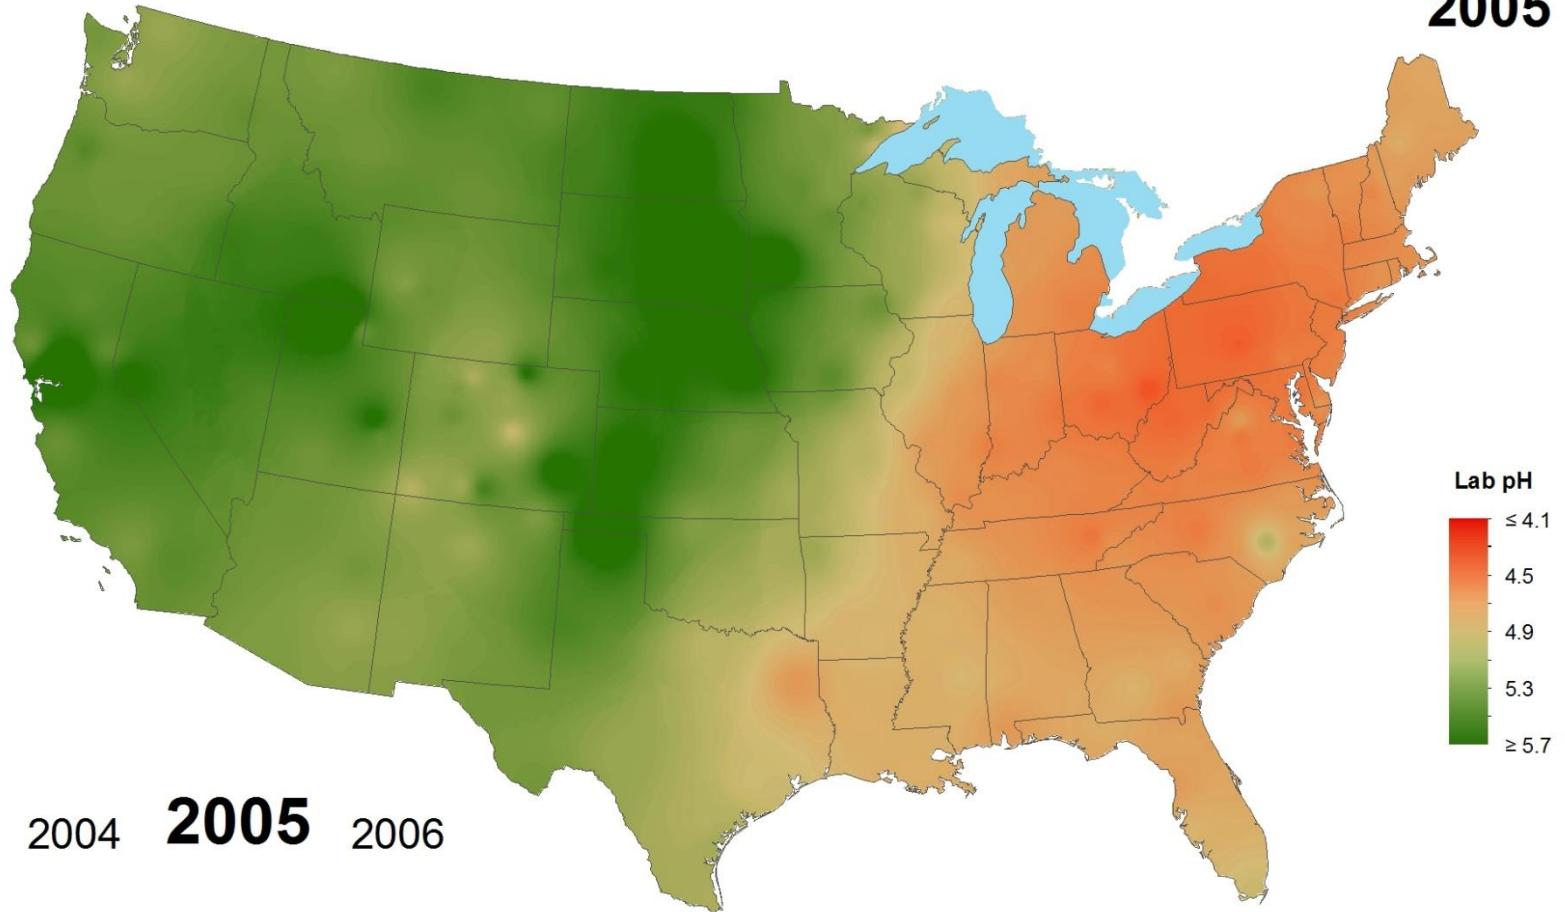

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2004

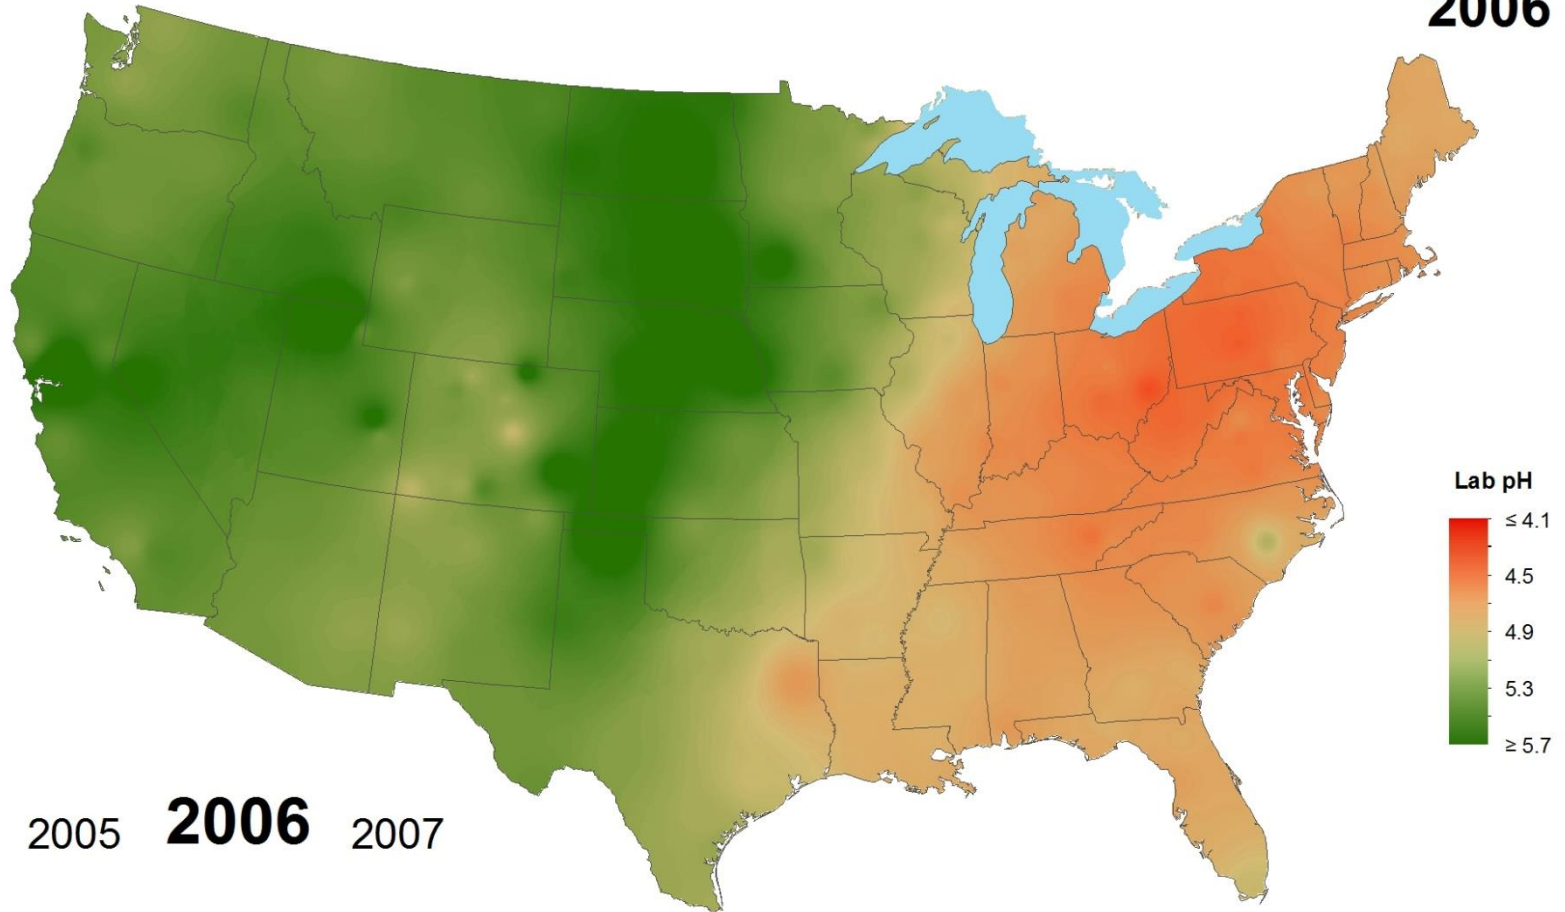

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2005

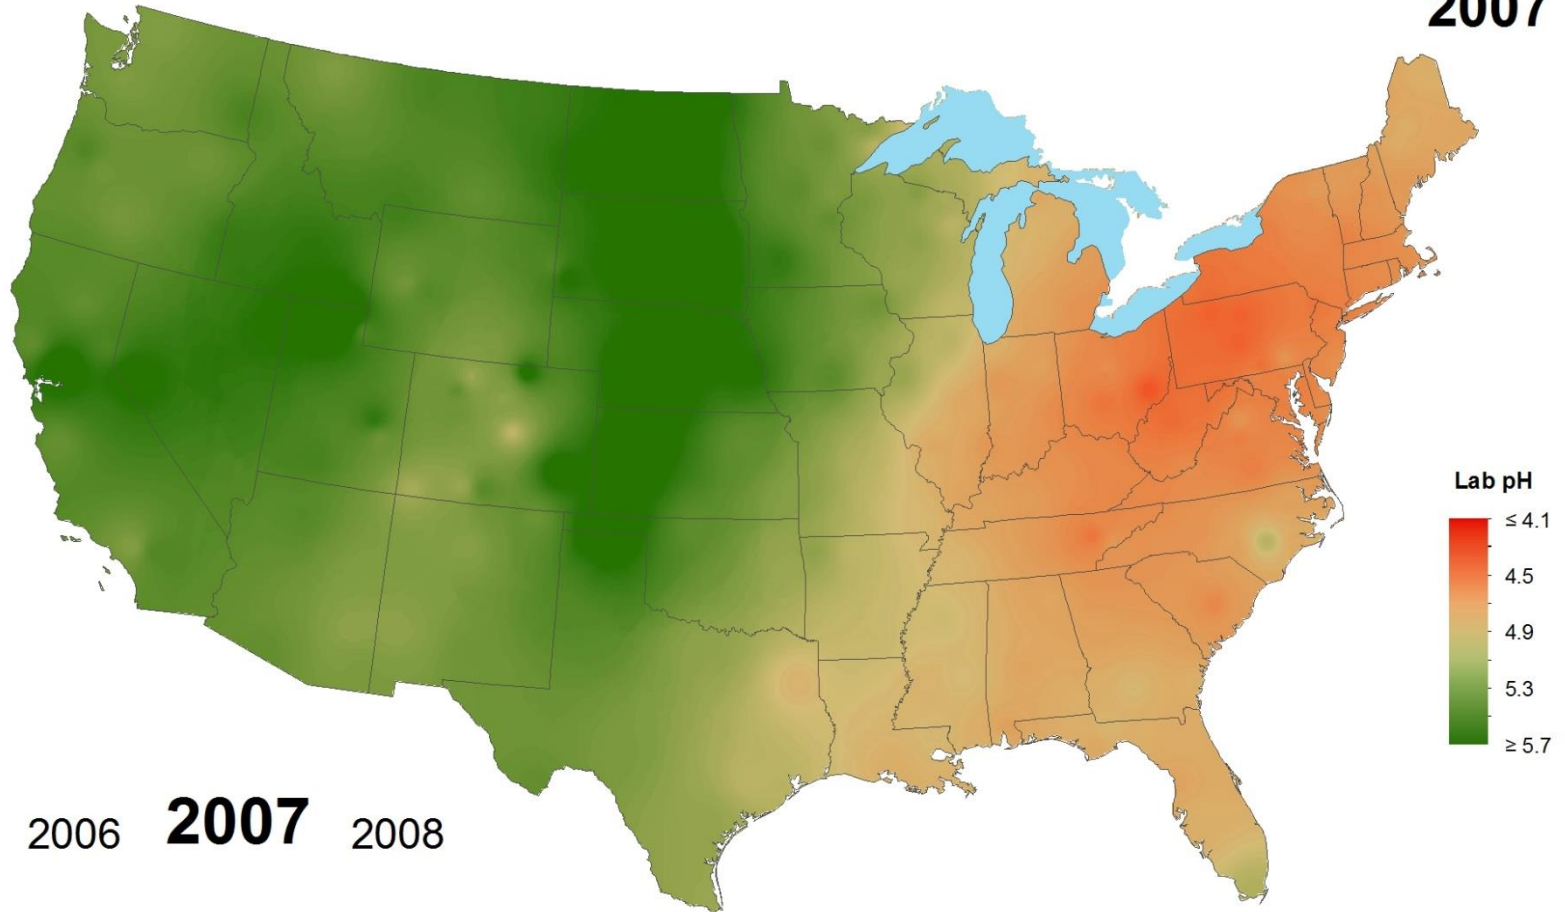

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2006

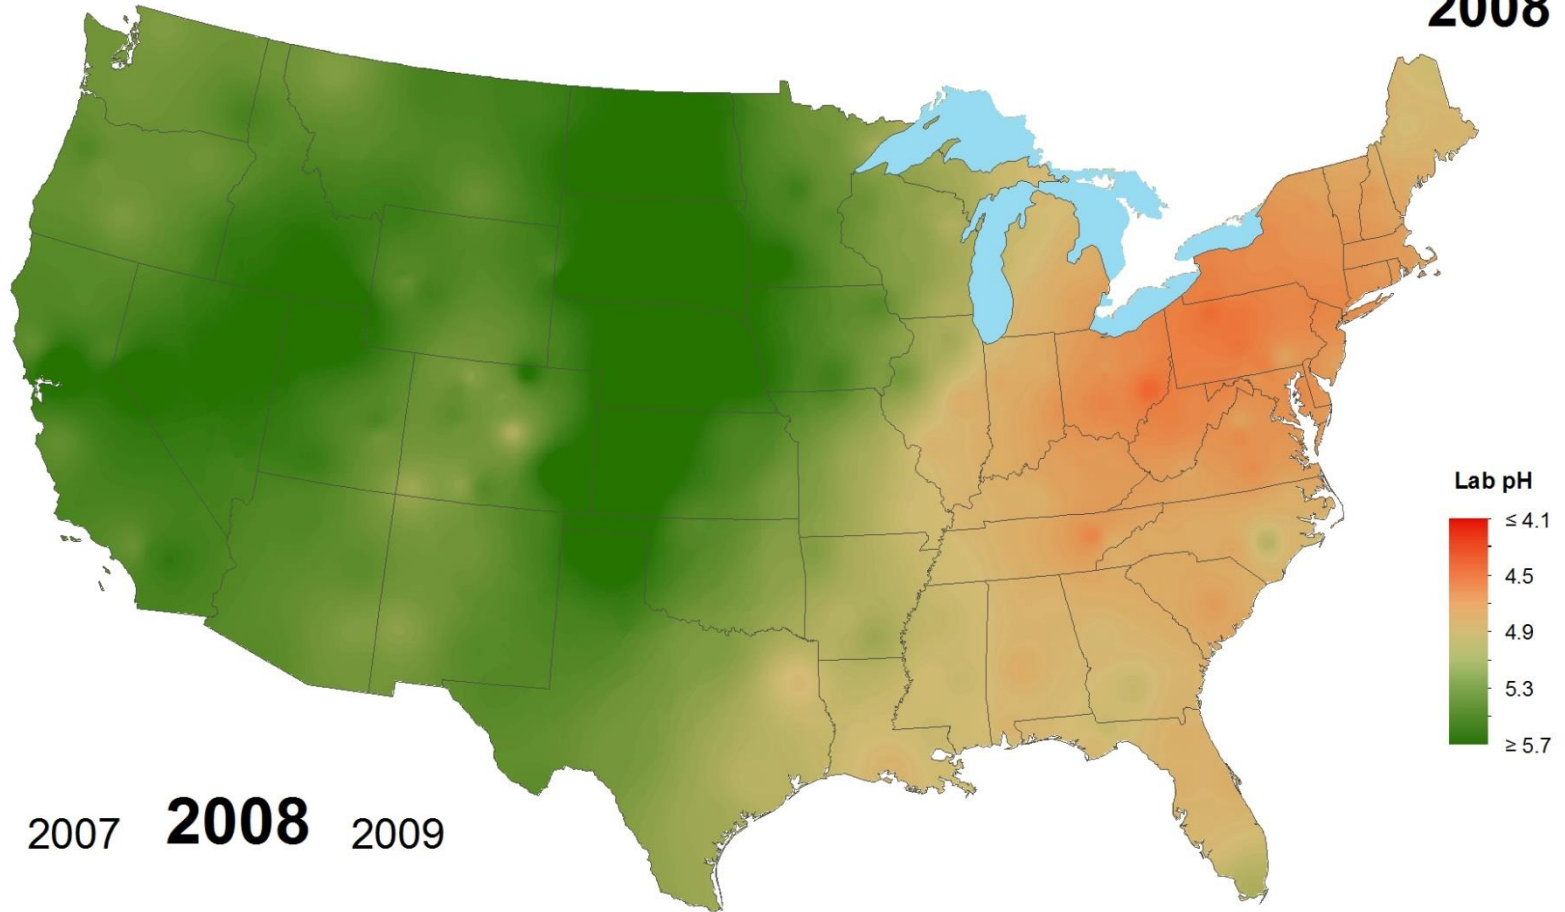

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2007

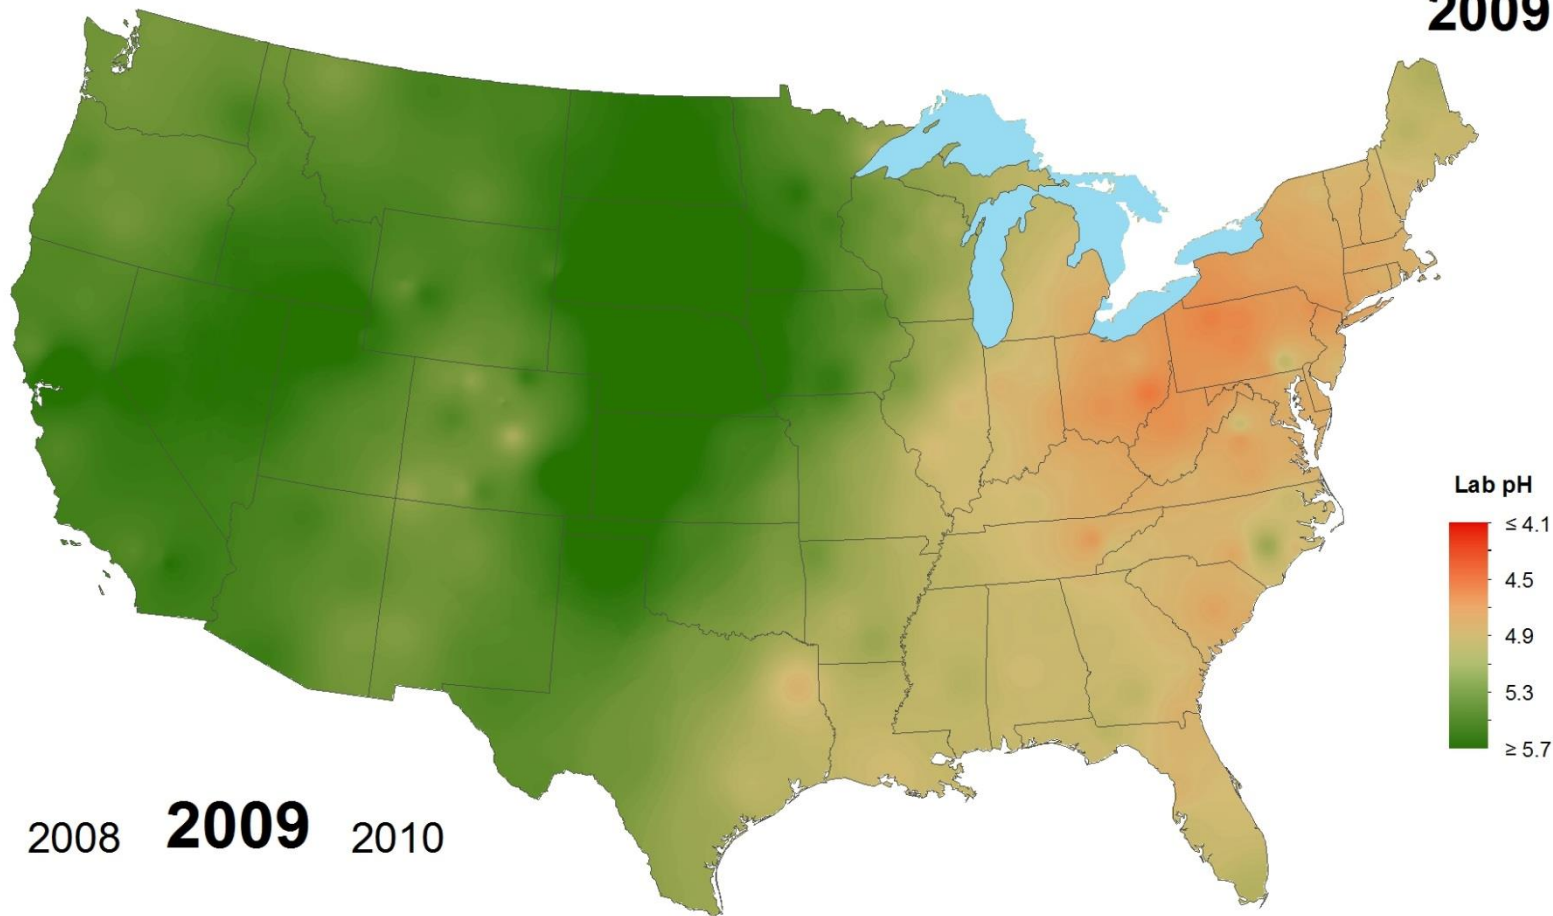

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2008

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

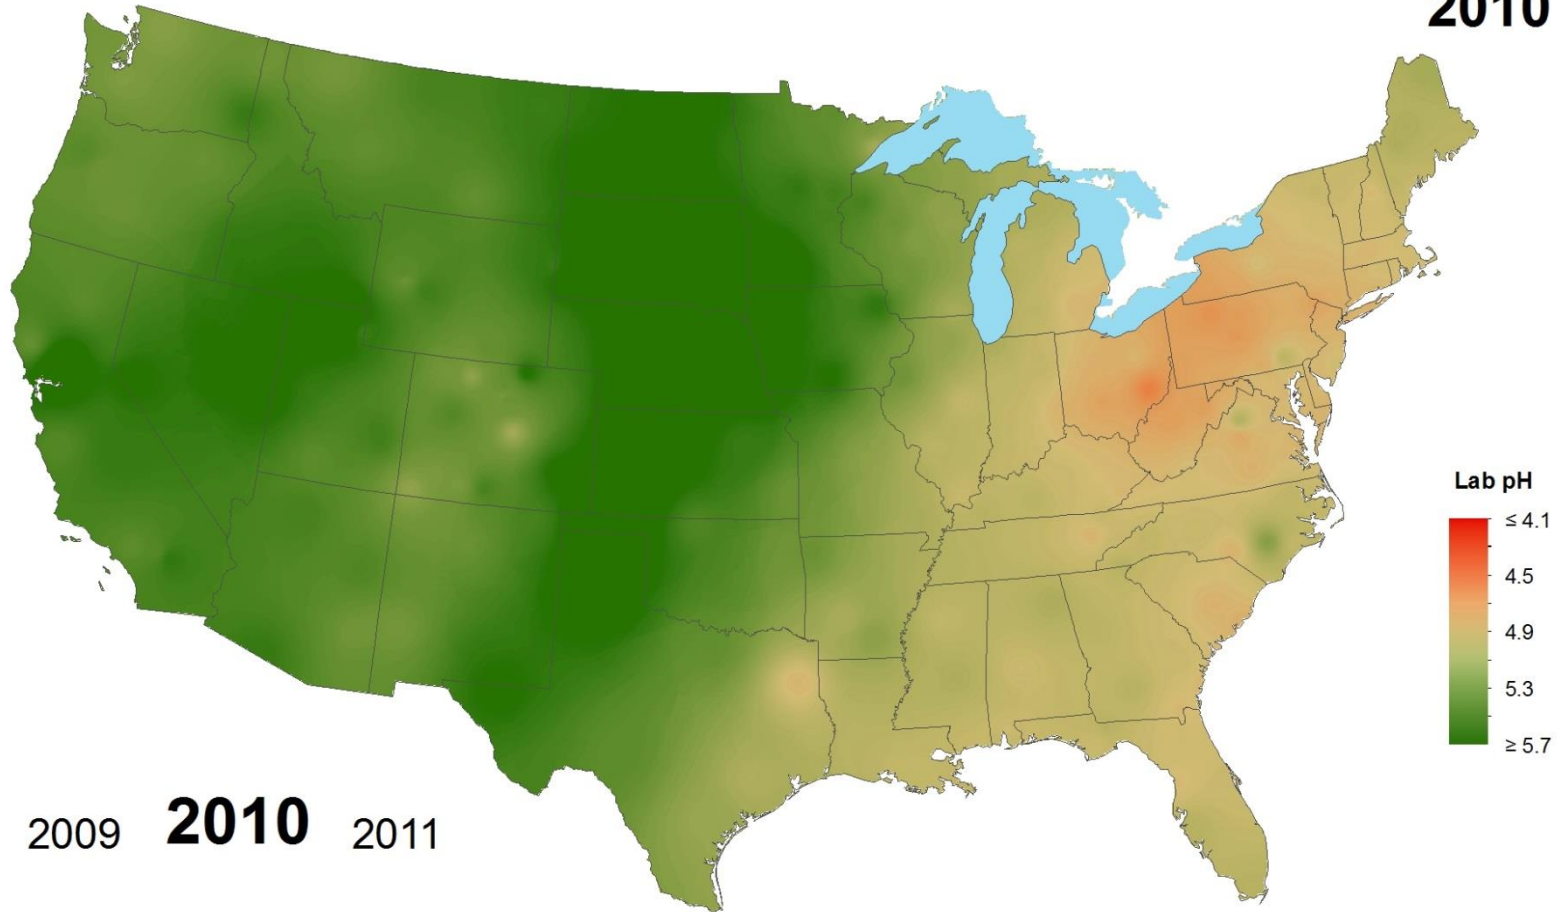

Hydrogen ion concentration as pH 2009

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH

2010

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2011

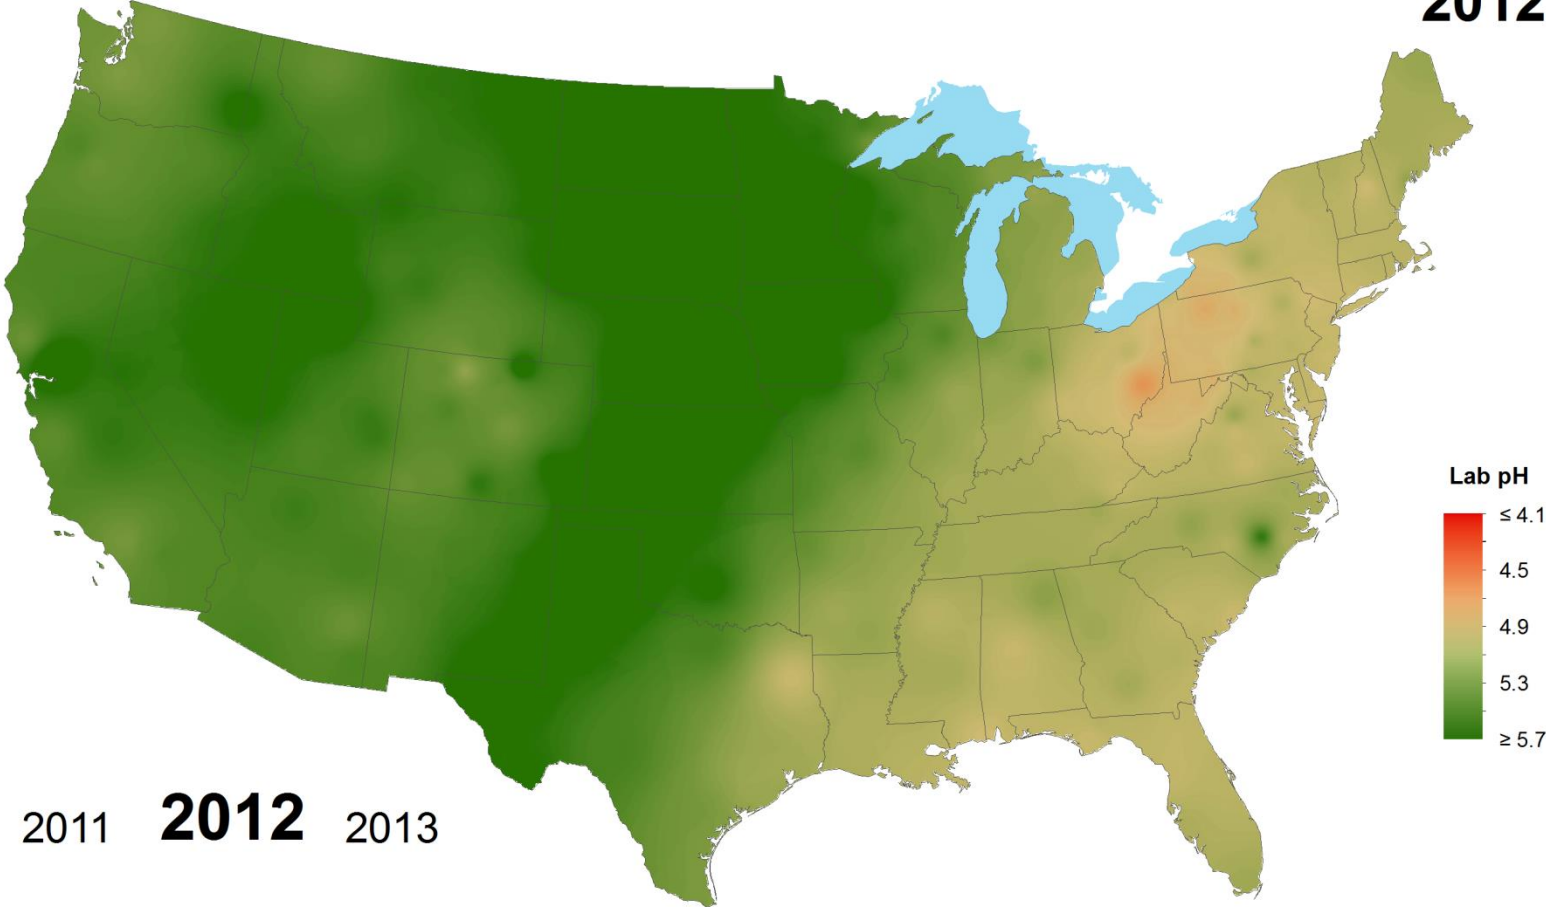

2010 **2011** 2012

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

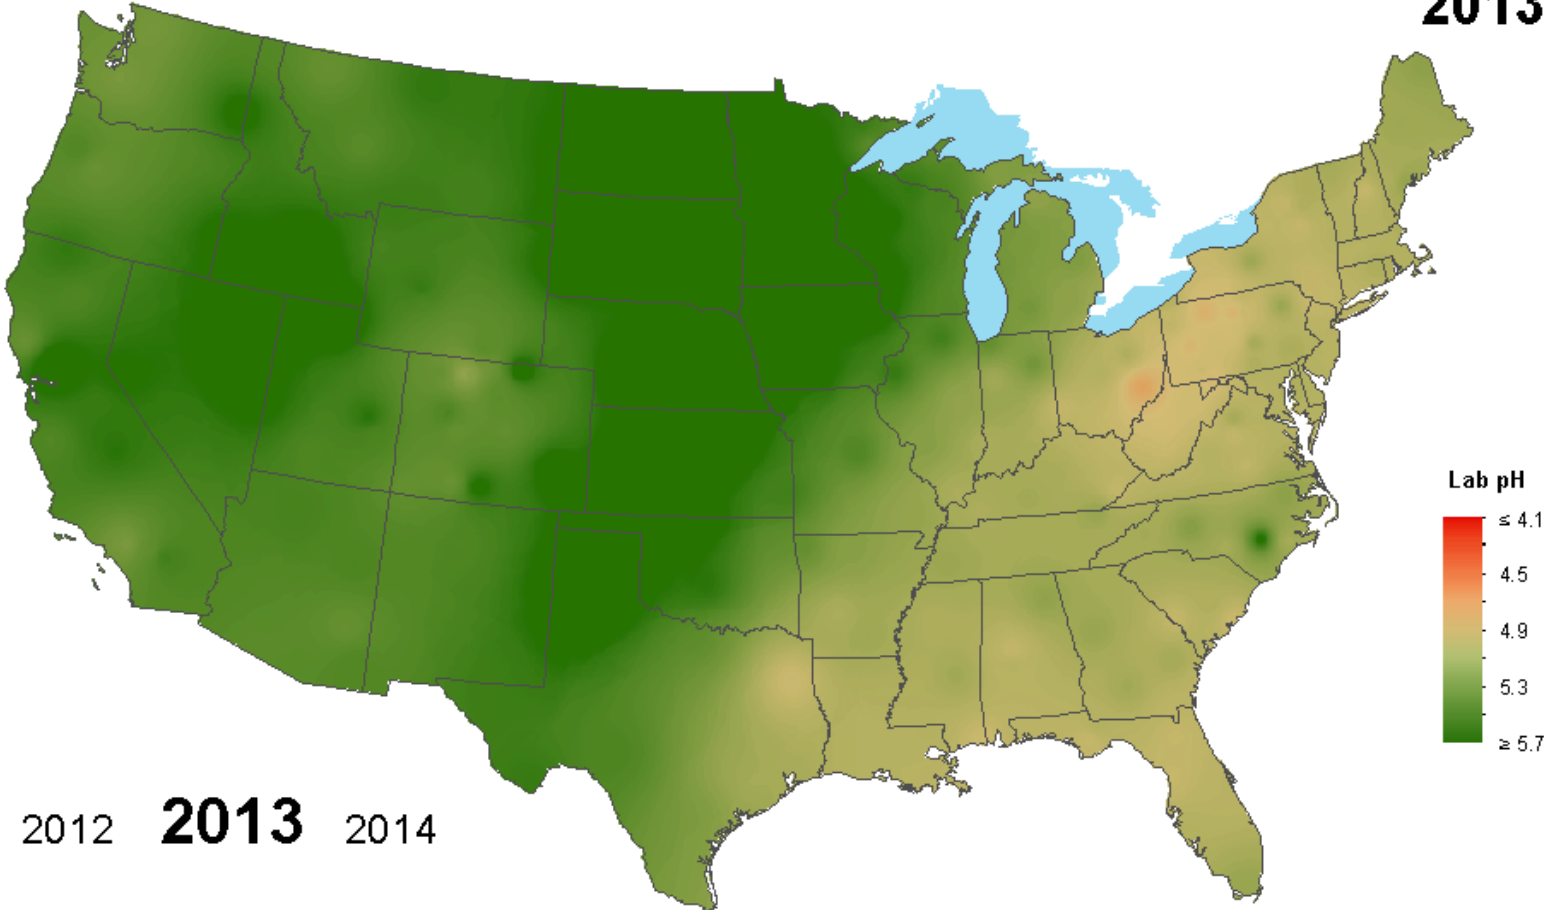

Hydrogen ion concentration as pH

2012

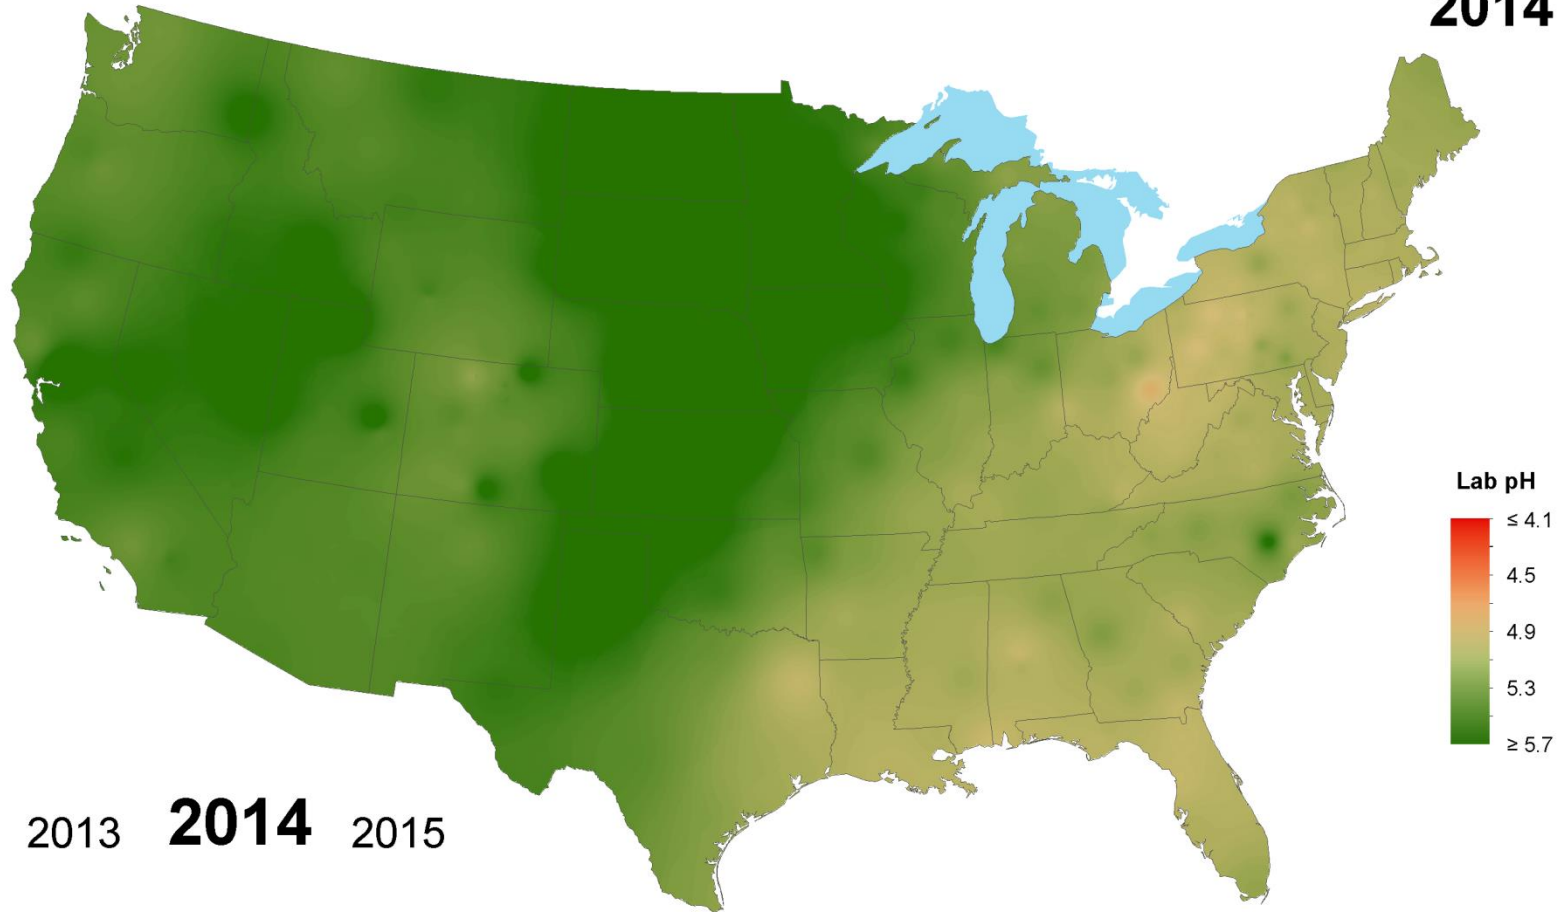

Hydrogen ion concentration as pH

2013

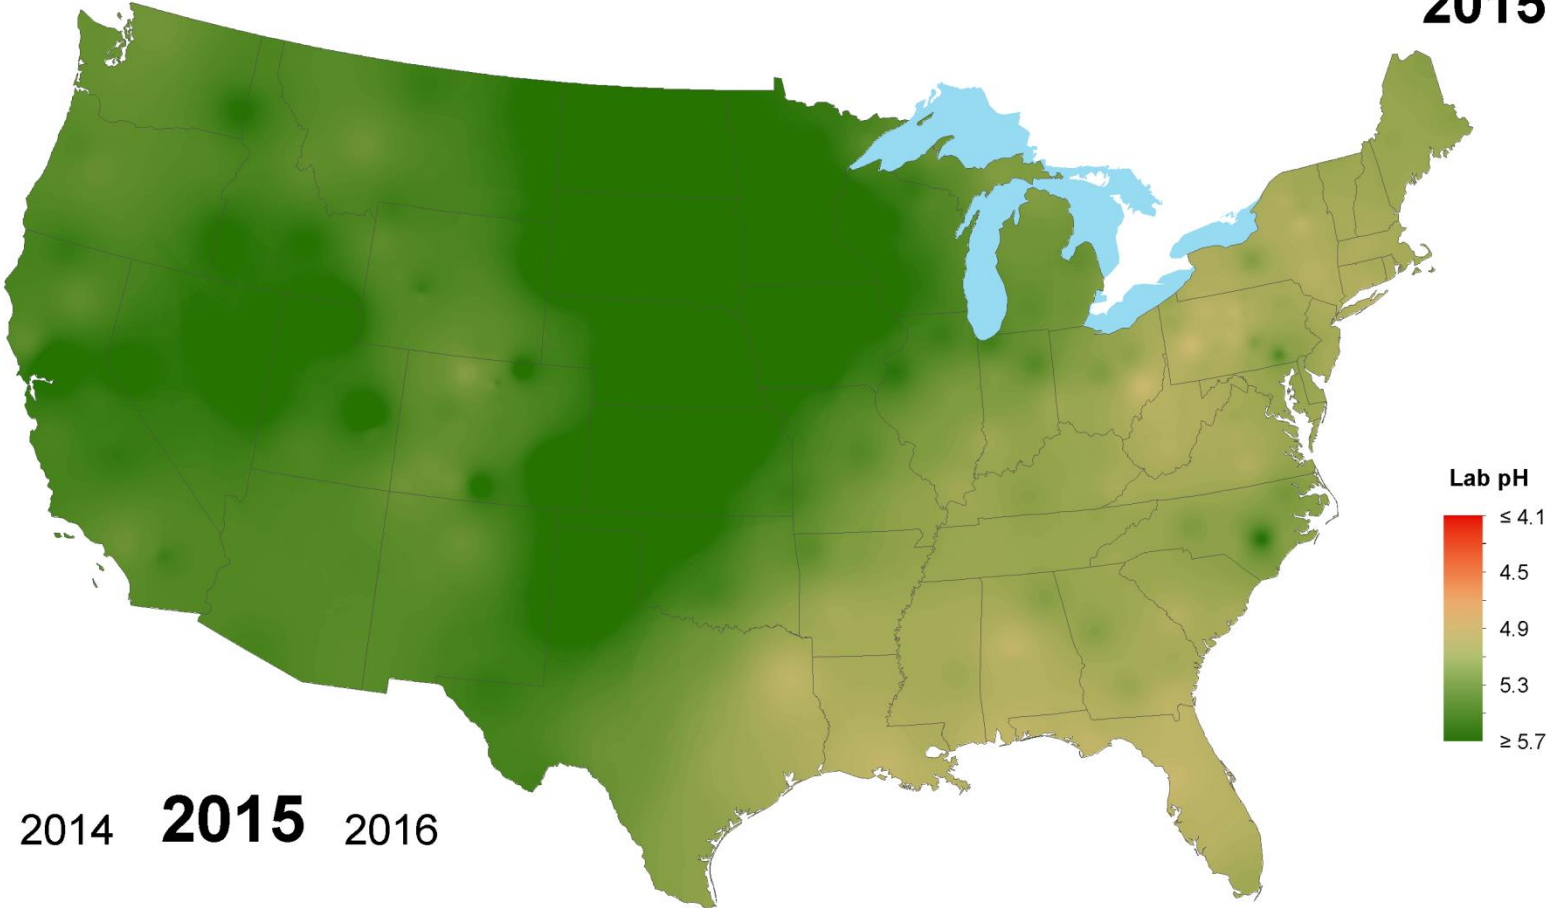

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2014

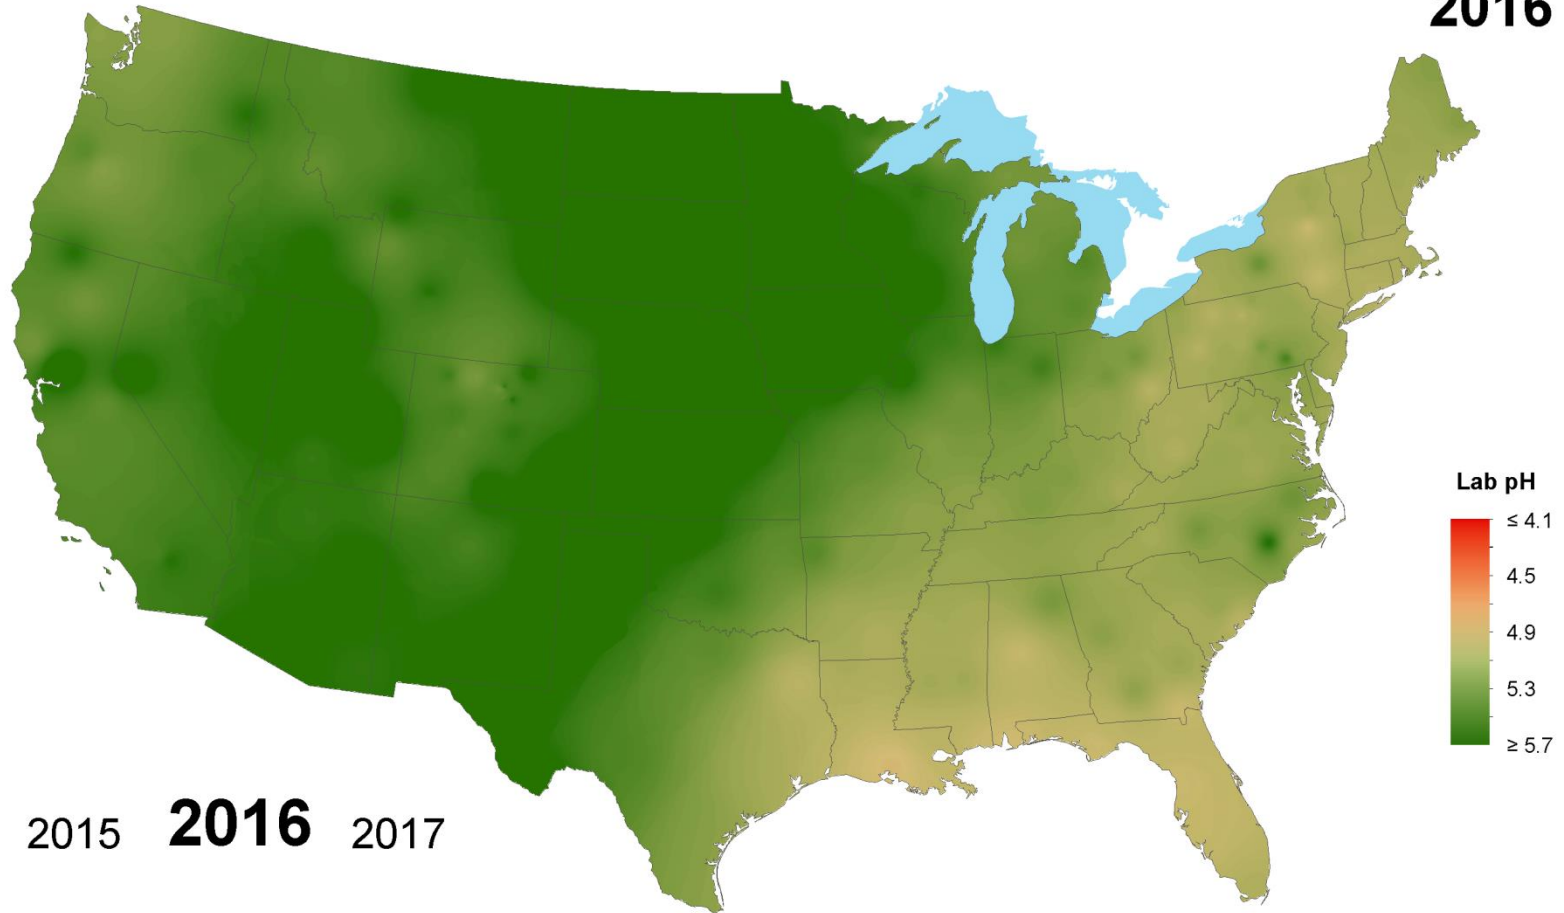

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2015

National Atmospheric Deposition Program/National Trends Network
<http://nadp.isws.illinois.edu>

Hydrogen ion concentration as pH 2016

National Atmospheric Deposition Program/National Trends Network
<http://nadp.slh.wisc.edu>
